Section 32-8-12, Code of Ala. 1975 Provides: "A person is guilty of a Class C felony who, with fraudulent intent, alters or forges an assignment of a certificate of title, or an assignment or release of a security interest, on a certificate of title or a form the department prescribes."

How to fill out MVT 8-3 — Dealer Reassignment Form

sellmycarhub.com

Alabama · written against MVT 8-3 (5/20), issued under Code of Ala. 1975, Section 32-8-45

</forms/alabama/mvt8-3-dealer-reassignment-form/>

Three more assignment blocks on a separate sheet, for a licensed dealer who has run out of them on the certificate itself. It is in this section because private sellers find it, recognise the layout as the block on the back of their title, and reasonably assume it is the overflow page for anybody. It is not, and the form says so in its own second sentence: INDIVIDUALS or NON-LICENSED DEALERS CANNOT use this form to re-assign a certificate of title.

This sheet is not the form. Download the blank MVT 8-3 from the Alabama Department of Revenue, Motor Vehicle Division at https://www.revenue.alabama.gov/wp-content/uploads/2021/10/MVT-8-3-5-20.qxp_-1.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	DEALER	Re-assignment supplement to	Tick State and write the state and title number, or tick C.O. or M.S.O. and name the original first dealer with their city and state. Watch out: This is what ties a loose sheet to a particular certificate. Without it the form is not valid, and the heading says so in capitals across the page.
2	DEALER	Vehicle identification number	The full VIN or serial number, once, at the head of the sheet. Watch out: One VIN covers all three blocks below. A sheet whose VIN does not match the certificate it is stapled to is not a supplement to anything.
3	DEALER	Selling dealer's state license no.	The Alabama dealer regulatory licence number of the dealership passing the car on. Watch out: The line a private seller must never write on. Section 32-8-12 makes forging an assignment on a form the department prescribes a Class C felony, and this is such a form.
4	DEALER	Buyer(s) and address	Printed name and address of whoever the vehicle is going to, under the warranty sentence. Watch out: The warranty is real. I/We warrant this title means the dealer is standing behind the state of the certificate, not just recording a movement.
5	DEALER	Odometer reading	The whole-mile figure, with the NO TENTHS marker beside it, and the two statement boxes left empty unless one applies. Watch out: The caution printed between the reading and the boxes is the Department's own: READ CAREFULLY BEFORE YOU CHECK BLOCK. Statement 2 brands the vehicle permanently.
6	DEALER	Date of sale	Month, day and year in three small fields at the end of the odometer row. Watch out: Each block carries its own date, and they have to run forwards. A second reassignment dated before the first is the kind of thing the Department returns.
7	DEALER	Signatures and printed names	Buyer signs and prints on the left, seller signs and prints on the right, in both rows. Watch out: Four lanes, and all four are wanted. A signature with no printed name beside it is an incomplete reassignment.
8	BUYER	Lienholder to be recorded	The name and address of the buyer's first lienholder, or the word NONE. Watch out: The heading carries the instruction in brackets - if none, state NONE. An empty line is not an answer, and it is the one line on this form a private buyer might be asked to complete.

What gets this one rejected

- A private seller's name on the selling dealer's licence line. There is nothing to write there unless you hold an Alabama dealer licence, and the felony notice at the foot of the sheet is about exactly this document.
- Using it because the certificate's own assignment was spoiled. That is what the MVT 5-7 correction affidavit is for; this sheet adds new blocks rather than fixing an old one.
- Sending it on its own. Printed across the head of the form: THIS FORM IS NOT VALID UNLESS ATTACHED TO TITLE THAT IT SUPPLEMENTS.
- Filling the blocks out of order. The instruction printed under the title is that each one runs in succession, and that a block counts for nothing until it has been completed in full.
- Correcting anything on it. The notice in the middle of the sheet reads ANY ALTERATION OR ERASURE VOIDS THE ASSIGNMENT and all assignments that follow - so one struck-out digit takes the blocks underneath with it.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
