How to fill out 46-4502 — Vehicle Inspection Request (VIN)

Arizona · written against 46-4502 (R03/25), issued under A.R.S. 28-2011

How you ask ADOT to come and look at a vehicle it cannot otherwise identify. Arizona runs three levels of inspection and the form makes you choose one, together with the reason: an abandoned vehicle, a bonded title, a special construction or reconstruct, a mechanic's or landlord's lien, or a mobile home. Two of the three levels carry a fee and the form prints both.

This sheet is not the form. Download the blank 46-4502 from the Arizona Department of Transportation, Motor Vehicle Division at <https://apps.azdot.gov/files/mvd/mvd-forms-lib/46-4502.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Inspection Type	Level I, Level II at \$20, or Level III at \$50. Watch out: Level I is the ordinary identity check. Level III is the salvage inspection and is done by ADOT Enforcement Officers at one of their own facilities.
2	YOU	The reason boxes	Abandoned vehicle, bonded title, special or reconstruct, mechanic or landlord lien, mobile home, or Other. Watch out: Bonded Title is the box most private sellers need, because step 1 of the bonded title application is an inspection somebody has to arrange.
3	YOU	Name and Phone	Who is requesting, and a number that will be answered. Watch out: The appointment is arranged by phone. An unanswered number is the commonest reason one of these requests goes quiet.
4	YOU	Address, City, State, Zip	Where the requester lives, which is not necessarily where the vehicle is. Watch out: Keep the two apart in your head. The next line is the one about the car.
5	YOU	Vehicle Location	Where the vehicle physically sits. Watch out: Be precise: a yard number, a unit number, a gate. An inspector who cannot find the vehicle records a failed visit rather than rescheduling on the spot.
6	YOU	Color, Year, Make, Model	A physical description of the vehicle. Watch out: Colour is asked for first because it is what an officer sees before anything else. Give the colour it is now, not the colour it left the factory.
7	YOU	Remarks	A deep box for anything the inspector needs to know in advance. Watch out: Use it. A missing door-jamb plate, a rebuilt front end or a locked compound are all things better said here than discovered on arrival.

What gets this one rejected

- Requesting a visit for a vehicle that could be driven or towed in. The instruction at the foot is that vehicles that are operable or transportable must be brought to an MVD or Authorized Third Party office for inspection on a date and time specified by the office.
- Ticking no inspection level. The three levels do different things and cost different amounts, and MVD cannot pick for you.
- A vague vehicle location. An officer is being sent to an address, and a street name without a number is not one.
- Leaving the reason boxes blank. The reason decides which level applies - a bonded title and an abandoned vehicle are not the same enquiry.
- Expecting it to be free at every level. Level II is \$20 and Level III is \$50, both printed on the face of the form.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
