

How to fill out 82 — Notice of Intent to Dismantle a Motor Vehicle

sellmycarhub.com

/forms/arkansas/notice-of-intent-to-dismantle/

Arkansas · written against 82 (May-06), issued under Ark. Code Ann. Title 27, Chapter 14

The paperwork for selling a car as scrap, and the filing that ends a title forever. Its instructions carry the whole rule: any owner who sells a motor vehicle as scrap or to be dismantled or destroyed must assign the certificate of title to the purchaser, and the assigned certificate is delivered to the Office of Motor Vehicle accompanied by this notice. The office cancels the certificate and records the vehicle as dismantled, after which a certificate of title shall not be issued again - the only exit is certifying within ninety days that the notice was filed in error. A vehicle at least twenty-five years old with no certificate available may travel on a bill of sale instead, and after cancellation the vehicle itself moves by endorsement on a bill of sale carrying the form's three required elements.

This sheet is not the form. Download the blank 82 from the Arkansas Department of Finance and Administration, Office of Motor Vehicle at <https://www.dfa.arkansas.gov/wp-content/uploads/dismantleform.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Assign the title to the scrap buyer first	The ordinary Arkansas assignment on the certificate's back, to the yard or dismantler purchasing - the notice accompanies the assigned title, it does not replace the assignment. Watch out: Twenty-five years old or more with no certificate available? The exception lets a bill of sale carrying year, make, model and VIN stand in.
2	YOU	Your name and address	Printed name of the party submitting notice, with a mailing address. Watch out: Whoever files owns the ninety-day error window - only the party filing the notice can certify a mistake. Filing it yourself keeps that key in your pocket.
3	YOU	The vehicle rows	Year, make, model, VIN, title number and date for each vehicle being scrapped. Watch out: The title number comes off the certificate you just assigned. Copy it before handing the paper over, not after.
4	YOU	Sign and send the pair	Your signature at the foot, then the notice and the assigned certificate go together to the Office of Motor Vehicle, Records Unit, P.O. Box 1272, Little Rock. Watch out: Keep copies of both and of the yard's payment. Dated together, they are the complete story of the vehicle's last day as yours.
5	YOU	Understand what the record now says	The certificate is cancelled and the vehicle is recorded as dismantled - it can be possessed, transported or transferred afterwards only by endorsement on a bill of sale carrying the identifiers, the no-future-title statement, and both signatures with the date. Watch out: Give the yard a copy of the notice with the bill of sale wording it needs. A dismantler who paperworks the hulk properly is a dismantler who never causes you a phone call.

What gets this one rejected

- Skipping the title assignment. The owner must assign the certificate of title thereto to the purchaser even though the vehicle is going to a crusher - scrap sales are still sales.
- Filing it about a vehicle you might restore. Cancellation is permanent: no certificate of title shall be issued again for a vehicle recorded as dismantled, and the ninety-day error window requires certifying the filing itself was a mistake.
- A twenty-five-year-old-vehicle bill of sale without the identifiers. Where the old-vehicle exception applies, the bill of sale stands in for the title only if it identifies the vehicle by year, make, model, and vehicle identification number.
- Moving the dismantled vehicle on nothing. After cancellation, possession and transfer run on a bill of sale that must reflect the vehicle's identifiers, a statement that notice has been forwarded and no title will again issue, and the signatures of buyer and seller with the date of sale.
- Guessing the title number. The table asks for it per vehicle, and the Records Unit is cancelling a specific certificate - the number is on its face.

☐ Amber is what you write ☐ Grey is a block somebody else completes The completed example follows overleaf.

Read off 82 (May-06) and the Arkansas Department of Finance and Administration, Office of Motor Vehicle's own pages, current as of 2026-08-23. Plain-language help with a form, not legal advice — where this and the agency differ, the agency governs.

**STATE OF ARKANSAS
NOTICE OF INTENT TO DISMANTLE A MOTOR VEHICLE**

Any owner who sells a motor vehicle as scrap or to be dismantled or destroyed must assign the certificate of title thereto to the purchaser. The certificate of title as assigned shall be delivered to the Office of Motor Vehicle accompanied by this notice that the vehicle is to be dismantled or destroyed. If the motor vehicle is at least twenty-five (25) years old and no certificate of title is available, a bill of sale may be forwarded in lieu of the certificate of title. If a bill of sale is forwarded, it shall identify the vehicle by year, make, model, and vehicle identification number.

The Office of Motor Vehicle shall cancel the certificate of title to the motor vehicle and record in the motor vehicle system, a notation that the motor vehicle has been dismantled. A certificate of title shall not be issued again for a vehicle that has been recorded as dismantled, except upon certification within ninety (90) days of the filing, from the party filing the notice, that the notice of intent to dismantle was filed in error. The recording that the vehicle has been dismantled shall authorize the owner to possess or transport the motor vehicle, or to transfer ownership thereto, by endorsement on a bill of sale. Such bill of sale shall reflect the following:

- The year, make, model, and vehicle identification number.
- A statement that notice has been forwarded to the Office of Motor Vehicle that the vehicle is to be dismantled or destroyed, and that a certificate of title shall not again be issued for the vehicle.
- Signature of buyer and seller and date of sale.
