How to fill out DR 2395 — Application For Title and/or Registration

sellmycarhub.com

Colorado · written against DR 2395 (04/18/25), issued under C.R.S. 42-3-105, 42-6-107, 42-6-116, 42-6-117

</forms/colorado/dr2395-application-for-title-and-or-registration/>

The cover sheet for every Colorado title packet, and the one document in a private sale that a seller does not sign. Three pages: the vehicle on page one, the certification and secure identification on page two, and a strip of county-only boxes on page three. A seller should still read it, because five of its required fields are answers only the seller has - the empty weight, the fuel type, whether the thing is an off-highway vehicle, the date purchased and the odometer reading and indicator.

This sheet is not the form. Download the blank DR 2395 from the Colorado Department of Revenue, Division of Motor Vehicles at https://dmv.colorado.gov/sites/dmv/files/documents/DR2395_0.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	The vehicle identification number, across the comb	One character per printed box, copied from the face of the certificate rather than off the dashboard. Watch out: It repeats at the top of pages two and three. Fill in all three - a page that arrives separated with a blank VIN header cannot be matched back to the packet.
2	BUYER	Colour, empty weight and fuel type	Three boxes marked REQUIRED that people skip because they look like trivia. Watch out: CWT is the empty weight, and it is what the road safety and bridge safety surcharges are banded on. Guessing it changes what the buyer pays.
3	BUYER	Odometer Reading and Indicator	The same reading and the same one-of-three indicator that went into the assignment on the back of the title. Watch out: Copy it from the certificate, not from the dashboard on the day of filing. A car driven home 200 miles will not match, and the county reads the two against each other.
4	BUYER	Date Purchased	The date of sale from the certificate, which is also the day the sixty-day clock started. Watch out: The late fee is assessed by month or part of a month from this date, so a hopeful earlier date does not help and a later one is a false statement.
5	BUYER	Legal Name(s) as it Appears on Identification	The buyer, spelled exactly as their secure and verifiable identification spells them, with the address they actually live at. Watch out: The address decides the county and the local tax rate. A post-office box is not a residence and the application will be turned back.
6	BUYER	The certification, and the identification under it	Signature and date under the perjury sentence, then the printed name, the identification type, its number, its expiry and a date of birth. Watch out: Colorado D L, Colorado I D or Other. If Other is ticked the document has to be on the department's published list of secure and verifiable identification.
7	OTHER	Witness Signature Required	A printed name, a signature and a date from whoever watched the identification being presented. Watch out: It is a separate person affirming a separate fact. A county clerk can witness it at the counter, which is the easiest way to get it done properly.
8	BUYER	The joint tenancy question on page three	Yes or no, and if two people are taking title together the answer sends them to the DR 2383. Watch out: Answering no where two buyers are named means the certificate issues as tenancy in common by default, which is not what most couples think they are asking for.

What gets this one rejected

- An empty weight or a colour left blank. Both carry REQUIRED in the printed label and the county cannot supply either.
- The off-highway vehicle question unanswered. It is marked required on an ordinary car as much as on a snowmobile.
- A witness block left empty. The witness is affirming that identification was actually presented, so a signature without one is an unsupported certification.
- A correction anywhere on it. The banner under the statute citations says any alteration or erasure may void this document.
- An owner name that does not match the identification presented. The field asks for the legal name as it appears on identification, and a mismatch needs a statement of one and the same with it.
- Anything written in the county band on page three. Those boxes belong to the clerk or the electronic vehicle title and registration vendor.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
