Insurer, Authorized Agent of an Insurer, or Salvage
Pool Declaration for a Salvage or Nonrepairable Title
C.R.S. 42-6-110 (1.5)

Upon the sale or transfer of a motor vehicle for which a current Colorado certificate of title has been issued or filed and that has become a salvage vehicle, as defined in section 42-6-102 (17), C.R.S., the purchase or transferee shall apply for a Salvage Certificate of Title. A Salvage Title may not be issued for off-highway vehicles, snowmobiles, or vehicles classified as a collector's item, horseless carriage, or street rod vehicle at the time of damage.

A Nonrepairable Title may only be issued to vehicles designated as a source of parts or scrap.

Any Alteration Or Erasure In The Application May Void The Document

I certify, under penalty of perjury in the second degree, that the motor vehicle described above has been damaged in excess of the reasonable fair market value by an event as listed above, excluding hail damage. The vehicle is now considered salvage and there are no liens outstanding against this vehicle. I understand that the vehicle cannot be registered until it has been repaired to meet the requirements of a roadworthy vehicle as defined by 42-6-102 (15), C.R.S. and a Rebuilt from Salvage Certificate of Title has been issued. I also understand that if a Nonrepairable Title is issued, this vehicle may only be used as a source of parts and may not be registered as a complete vehicle.

How to fill out DR 2410 — Insurer, Authorized Agent of an Insurer, or Salvage Pool Declaration for a Salvage or Nonrepairable Title

Colorado · written against DR 2410 (04/16/26), issued under C.R.S. 42-6-110(1.5) and 42-6-102(15), (17)

sellmycarhub.com
[/forms/colorado/dr2410-salvage-or-nonrepairable-title-application/](#)

The form whose title says insurer and whose first three pages are an owner's. It is how a salvage or nonrepairable certificate is applied for in Colorado, and an owner who keeps a written-off vehicle after a settlement, or who wants to sell one as salvage, files pages one to three. Page four is the part the name refers to, and it is only required to be completed when an insurance company or salvage pool is applying for title without a properly endorsed ownership document.

This sheet is not the form. Download the blank DR 2410 from the Colorado Department of Revenue, Division of Motor Vehicles at <https://dmv.colorado.gov/sites/dmv/files/documents/DR%202410%20State%20of%20Colorado%20Insurer%2C%20Authorized%20Agent%20of%20an%20Insurer%2C%20or%20Salvage%20Pool%20Declaration%20Application.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Salvage Title or Non-repairable Title	One of two boxes at the head of page one. Watch out: Nonrepairable is a one-way door. It marks the vehicle as a source of parts or scrap and no amount of later work turns it back into something registrable.
2	YOU	The vehicle description	Identification number, year, make, model, odometer reading and indicator, body, colour, empty weight, size, fuel type, date purchased and MSRP. Watch out: The odometer indicator is the same three-way choice as everywhere else, and a flooded or burnt vehicle whose dash no longer reads is exactly what Not Actual is for.
3	YOU	Date of Damage and Reason for Damage	The date, then one of Accident/Collision, Fire, Flood, Vandalism, Weather excluding hail, or Other excluding theft. Watch out: Weather and Other both carry an explanation requirement, and both exclude something - hail from the first, theft from the second.
4	YOU	Damage Explanation and Estimated Repair Cost	A written description, then the cost of repair excluding paint. Watch out: Excluding paint is not a rounding instruction. The comparison the certification makes is between the repair cost and the vehicle's reasonable fair market value before the damage.
5	YOU	Legal name and the identification mismatch box	Your name as identification prints it, and a tick box declaring that it differs from the name on the application or title. Watch out: Tick it honestly and put the statement of one and the same in the packet. This form flags the mismatch for you rather than waiting for a clerk to find it.
6	YOU	The certification, identification and witness	A signature under a certification made under penalty of perjury in the second degree, then identification details and a witness's printed name, signature and date. Watch out: You are certifying that there are no liens outstanding. If a lender is still recorded, the release has to be dealt with before this can honestly be signed.
7	OTHER	Page four is not yours	The insurer's section - vehicle acquired from, date of settlement acceptance, attempts to contact the owner of record, notices mailed and how many. Watch out: Leave it entirely blank. It exists for the case where an insurer cannot get a properly endorsed certificate out of an owner, which is the opposite of what an owner filing this is doing.

What gets this one rejected

- Hail damage. The certification excludes it in terms, twice.
- An owner completing page four. That section is for an insurer, an authorized agent of an insurer or a salvage pool applying without a properly endorsed ownership document.
- A nonrepairable application on a vehicle somebody intends to repair. Nonrepairable is for a source of parts or scrap and the designation cannot be undone.
- A vehicle classified as a collector's item, horseless carriage or street rod at the time of damage. The form excludes all three from salvage titling.
- An outstanding lien. The owner's certification says there are no liens outstanding against this vehicle.
- Driving it afterwards. A salvage vehicle cannot be on the road until it has been repaired and a Rebuilt from Salvage certificate has been issued.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
