Colorado · written against DR 2710 (07/30/24), issued under C.R.S. 42-6-102(17), 42-6-107(1)(a)(III) [/forms/colorado/dr2710-branded-title-disclosure-statement/](https://forms.colorado.gov/forms/colorado/dr2710-branded-title-disclosure-statement/) and 42-6-206

The one Colorado form a private seller is legally obliged to hand over, and the only one that carries a criminal penalty on its face. Colorado Revised Statute requires any owner or dealer to disclose any title brand prior to sale or trade of a motor vehicle, and this two-page sheet is how it is done: seven brand checkboxes on page one with a state-that-branded-vehicle line beside each, a damage grid underneath, and matching seller and buyer blocks on page two.

This sheet is not the form. Download the blank DR 2710 from the Colorado Department of Revenue, Division of Motor Vehicles at https://dmv.colorado.gov/sites/dmv/files/documents/DR2710_2024.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	The vehicle, under the heading	Vehicle identification number, year, make, body and title number, under the printed line This Vehicle is Subject to One or More Brands. Watch out: Copy the title number off the face of the certificate. The disclosure is about that document as much as about the vehicle.
2	YOU	Check all that apply	Seven brand boxes. Tick every one the certificate carries, not just the worst. Watch out: A vehicle can hold more than one - flood damaged and rebuilt from salvage, or a Colorado brand alongside a designation added by another state. The instruction says check all that apply and means it.
3	YOU	State that branded vehicle	Beside each brand ticked, the state that put it there. Watch out: Read it off the face of the title, which prints the brand and the state that added it. Assuming Colorado because the car is here is how a Wyoming brand goes undisclosed.
4	YOU	Type of Damage	The grid under the brands, for Salvage and Rebuilt from Salvage: Collision, Weather, Water, Interior, Vandalism, Undercarriage, Theft/Stripped, Fire, or Other with an explanation. Watch out: If you do not know what the damage was, that is a reason to request a salvage history from the department before selling, not a reason to leave the grid empty.
5	YOU	Current Owner (Seller)	Printed name, signature, date and full address, under a certification made under penalty of perjury in the second degree. Watch out: This is where the misdemeanour bites. The footnote makes failure to give each prospective buyer the disclosure an offence for each owner, seller or transferor.
6	BUYER	Prospective Buyer	The same five lines, under the sentence saying they have read and understood the disclosure and received a copy. Watch out: Get it signed before the money moves. A disclosure signed at the same time as the title is a disclosure made prior to sale by about ninety seconds, which is cutting it fine.

What gets this one rejected

- Handed over after the money. The statute says prior to sale or trade, and the buyer's block says prospective buyer for the same reason.
- A brand ticked with no state beside it. Every brand line carries a State that branded vehicle box because a brand added in Wyoming travels differently from one added here.
- Salvage or Rebuilt from Salvage ticked and the damage grid left empty. Those two brands carry the asterisk that the grid is attached to.
- The buyer's block unsigned. Their signature is the acknowledgement that they read it and got a copy, which is the whole evidentiary point.
- Used to disclose a junk designation. Colorado issues no title for a vehicle that has ever been classified as junk, whatever another state later allows.
- Skipped because the brand came from another state. Brand designation by another state is one of Colorado's own listed brands and is disclosed like any other.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
