Certifies that one named individual has authority to execute title documents on behalf of a company, corporation or partnership. If the vehicle you are selling is titled to a business - a sole trader's limited company, a family partnership, a church - this is what proves the person signing the certificate is allowed to.

This sheet is not the form. Download the blank T-19 from the Georgia Department of Revenue, Motor Vehicle Division at <https://dor.georgia.gov/document/document-document/t-19-affidavit-authority-sign-company-corporation-or-partnership/download?f=T-19.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Section A, the business entity	The entity's name, exactly as it is constituted. Watch out: As on the business licence or the articles of incorporation, and as on the certificate of title. A trading name that differs from the registered name is a one-and-the-same problem on top of an authority problem.
2	YOU	Section A, the address	Street number, street name, apartment or suite, city, state and zip code, then e-mail and telephone. Watch out: This is where the stamped original comes back to, so it needs to be an address somebody still opens post at.
3	YOU	Section A, the individual granted authority	The printed name of the person who will sign title documents for the entity. Watch out: Their driver's licence copy has to go in on first receipt, so the name here and the name on that licence have to be the same name.
4	YOU	Section B, the officer granting it	An officer's, partner's or owner's printed name, signature and date. Watch out: This is the block that carries the weight. Somebody with authority over the entity is certifying that somebody else may act for it.
5	YOU	Section C, the notary	Day, month and year, the notary's full legal name, physical address, e-mail address, telephone number, signature, commission expiry and seal. Watch out: Both originals get notarised. Two completed original affidavits go in, and a notarised original is not a photocopy of one.

What gets this one rejected

- Sending one copy. The instruction is to submit two completed original affidavits - one is kept, one comes back stamped.
- Filing it at a county tag office. This one goes to the Motor Vehicle Division's Customer Service Operations section, either in the drop box at Welcome All Road or by post to the Atlanta address on the form.
- The authorised individual certifying their own authority. Section B is signed by an officer, partner or owner on behalf of the entity, about somebody.
- Omitting the driver's licence copy. A copy of the authorised individual's driver's licence is required on initial receipt of the affidavit.
- Any correction or alteration. The banner across the top says it voids the form.
- Assuming it lasts. It is valid for two years from the date received, and after that a fresh pair of originals is needed.
