How to fill out 3777 — Release and Satisfaction Of Interest

Idaho · written against 3777 (Rev 11-23), issued under Idaho Code 49-510 and 49-511

sellmycarhub.com
/forms/idaho/3777-release-and-satisfaction-of-interest/

Half a page that clears a lender off a vehicle, and the shortest form in the Idaho set. It exists for the case the statute contemplates but the certificate cannot handle: a lien that has been paid but is still showing on the record, where the lienholder cannot conveniently sign the certificate itself. Section 49-511(1) gives the lienholder two ways to discharge - note the cancellation on the certificate of title in the space provided, over his signature, or by some other legal document discharging the encumbrance - and this is the other legal document. Its middle block also handles the awkward case where the lender on the record no longer exists under that name, because the bank was bought or merged.

This sheet is not the form. Download the blank 3777 from the Idaho Transportation Department, Division of Motor Vehicles at **https://itd.idaho.gov/wp-content/uploads/2025/04/3777.pdf** — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	**Get the record's version of the lender's name**	Not the name on your statements - the name on the title record, which a motor vehicle record request or a call to the county will confirm. **Watch out:** This is where mergers bite. If the two differ, the lender fills in the Is Now Known As block rather than crossing anything out.
2	YOU	**VIN, title number, year, make, model**	The five identifying boxes across the top two rules. **Watch out:** The title number has to be exactly the number on record. This form is matched to a record, not to a piece of paper in your hand.
3	YOU	**Owner of Record**	The registered owner as the department holds them. **Watch out:** If your name has changed since the title was issued, ITD 3125 is the sheet that bridges the two versions.
4	BUYER	**The lender attests the payoff date**	The satisfied-on date is written into the printed sentence by the lienholder, not by you. **Watch out:** Ask for it in the same envelope as the title. Section 49-511 obliges the lender to send the certificate within thirty days of the payoff anyway.
5	BUYER	**The lender signs and dates**	Printed name, address, phone, and one or two authorised signatures. **Watch out:** A second signature rule exists for institutions that need two officers. Leaving it blank is normal, not an omission.
6	YOU	**Then use it with the title**	The release travels with the certificate to the county, or with a duplicate application if the certificate has gone missing. **Watch out:** Section 49-513 means a sale made with the lender's knowledge and consent is not void against the lien - but the lien still travels with the car until this is filed.

What gets this one rejected

- A release signed by the borrower rather than the lender. The interest being released is the lienholder's, and only the lienholder can let it go.
- A lienholder name that does not match the record, with the middle block left empty. If the bank has changed its name, been acquired or trades under another, the Is Now Known As block is what connects the two.
- No payoff date. The attestation sentence has a blank in the middle of it and an undated satisfaction is an unfinished sentence.
- A title number that is not the exact number on the record. This form is matched to a record rather than to a document, and a mistyped title number matches nothing.
- Using it to release an electronic lien. Where the lienholder is in Idaho's ELT programme the release is an electronic transaction back to ITD, not a piece of paper.

Amber is what you write   Grey is a block somebody else completes   The completed example follows overleaf.
