How to fill out VSD 325 — Junk Vehicle Notification Form

Illinois · written against VSD 325 (VSD 325.7, April 2026), issued under 625 ILCS 5/3-117.2

</forms/illinois/vsd-325-junk-vehicle-notification/>

The single page a scrap processor files when a vehicle is destroyed. It matters to a seller because it is the paperwork that proves a car has genuinely gone - and because the note at the foot tells you what the scrapyards have to have from you before it can file one.

This sheet is not the form. Download the blank VSD 325 from the Illinois Secretary of State at https://www.ilsos.gov/content/dam/publications/pdf_publications/vsd325.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	DEALER	Title Number, if applicable	The number from the certificate being surrendered, where there is one. Watch out: Marked if applicable because a junked car often arrives on a salvage certificate or a certificate of purchase instead. The VIN box beside it carries no such qualifier.
2	DEALER	Vehicle Identification Number	The full VIN. Watch out: This is what removes the car from the record. It has to be the number on the vehicle, not the number on a document that might belong to another car.
3	DEALER	Year Model, Make, Model, Body Type	Four boxes across the vehicle row. Watch out: Year model rather than year - the same distinction Illinois draws throughout, and the answer is the model year.
4	DEALER	Scrap Processor's name, address and licence number	A name and address block, and the licence number underneath. Watch out: If you are handing a car over, that licence number is worth writing down. An unlicensed yard cannot file this form at all.
5	DEALER	Agent's signature and Date Vehicle Acquired	The processor's agent signs, and dates the day the vehicle came in. Watch out: The date acquired is the date the car stopped being your problem in practice. The date it stopped being your problem on the record is the day this is filed.
6	YOU	Seller's Name and Address	Your name and address, in the last block before the official-use box. Watch out: Check it is right before you leave. This block, plus the note requiring a properly assigned title to accompany the form, is the whole of your protection here.

What gets this one rejected

- Handing a car over without a proper assignment. Note 1 on the form: a properly assigned Certificate of Title, Salvage Certificate, Certificate of Purchase or similarly acceptable out-of-state document of ownership must accompany this form.
- Assuming the yard keeps no record. Note 2 requires a copy of the notification to be maintained according to the Illinois Vehicle Code.
- Leaving the seller block for the processor to guess at.
- Treating a verbal we will take care of the title as the end of it. This form is the end of it, and it has your name on it.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
