ADDITIONAL EXPLANATION OR INSTRUCTIONS (if needed)

How to fill out 411007 — Application for Certificate of Title and/or Registration

sellmycarhub.com

Iowa · written against 411007 (01-25), issued under Iowa Code s. 321.20 and s. 321.46, application made to a county treasurer

</forms/iowa/411007-application-for-certificate-of-title-and-or-registration/>

Three pages, and not one line of it is yours. This is what the buyer takes to a county treasurer with the certificate you signed, and it is here because two of its boxes are copied straight off your handwriting - the purchase price and the odometer - and because a seller who has read page two knows exactly which exemption a buyer is about to claim and what it will cost them if it is wrong.

This sheet is not the form. Download the blank 411007 from the Iowa Department of Transportation, Motor Vehicle Division at <https://iowadot.forms.govos.com/f/411007ApplicationforCertificateofTitlendorRegistration?f=411007.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	Regular Title	The first tick on the form. The alternative, Salvage Title, is not available to a private buyer of a salvage car - Iowa only allows a salvage title to be assigned to a licensed dealer, a recycler, a salvage pool, an educational institution or a scrap purchaser. Watch out: If a private seller has offered you a salvage-titled car, this box is where the transaction stops.
2	BUYER	Owner #1, and the OR / AND tick	Name, Iowa driving licence or social security number, birth date, bona fide residence and mailing address - then the connector between two owners. Watch out: The birth month here is what the registration will expire in from now on. Iowa staggers registration by the owner's birth month, so it changes when the owner does.
3	BUYER	Vehicle Information	Year, make, model, type, colour, fuel, cylinders, weight and the plate being transferred onto the car. Watch out: If the buyer has no plate of their own to transfer, this line is blank and the treasurer issues plates - which is when a buyer discovers your plates were never theirs to keep.
4	BUYER	Purchase Date	The date of sale, and the start of the thirty days the form warns about in the same line. Watch out: It should match the TRANSFER/SALE DATE you wrote on the title. Where they disagree, Iowa treats the date on the title as the official one.
5	BUYER	Purchase Price	The price less any trade-in, copied from the assignment block on the back of the certificate. Watch out: This is where the fee for new registration comes from - ten dollars plus five per cent of whatever is written here, paid to the county treasurer on the day the application goes in.
6	BUYER	The exemption box, and page 2	One tick and a code, with the codes listed on page 2 from UT01 to UT08. Watch out: A car given rather than sold is UT01 and the form asks for it to be explained. Ticking GIFT on the title and then claiming nothing here is the mismatch that gets an application looked at twice.
7	BUYER	Security interest holders	None, one, two or three, with the lender's name, address and either a federal identification number, a social security number or an Electronic Lien and Title identifier. Watch out: Iowa runs an ELT programme, so a new lender's interest may never appear on a printed title at all - the record holds it and the paper only prints if somebody asks.
8	BUYER	Signature of Owner, under penalty of perjury	Every owner going onto the new title signs and dates it. Watch out: The warning printed beside the signature is worth reading: using a false or fictitious name, or making a false statement on this application, is punishable by a prison sentence and a possible fine.

What gets this one rejected

- A purchase price that does not match the one you wrote on the title. Iowa's own answer is that the price attested to on the title is the official one unless the buyer can prove otherwise.
- An application filed more than thirty days after purchase. The form prints the penalty warning on its own face and s. 321.46(1) sets the thirty calendar days.
- An exemption code claimed in the box but not explained on page 2. UT01, a gift, has to be explained in writing; UT03 wants the termination date of the prior business and the creation date of the new entity.
- A missing signature where two owners are being added with the AND connector. Every owner going onto the new title signs, and the form says the application must be signed by all owners.
- No lien release where an uncanceled security interest is still printed on the front of the certificate you handed over. The buyer needs Form 411168 or a cancellation on the face of the title.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
