How to fill out 411021 — Power of Attorney Authorization

Iowa · written against 411021 (12-20), issued under Iowa Code s. 321.49 and 761 Iowa Admin. Code 400.13(6), an attorney in fact acting for a living owner

Iowa's vehicle-specific power of attorney, and the cleanest way to sell a car you cannot be in the room for. Eight tick boxes decide what the agent may do - apply for a title, assign a title, apply for a replacement, note a security interest, sign the odometer statement, sign the damage disclosure, claim a lease refund, or something else you write in. It is notarised, it names the vehicle, and it is surrendered with the application it was used for.

This sheet is not the form. Download the blank 411021 from the Iowa Department of Transportation, Motor Vehicle Division at <https://iowadot.forms.govos.com/f/PowerofAttorney?f=411021.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Tick what the agent may do	Eight boxes. To sell a car, box 2 - assignment of certificate of title - is the essential one. Watch out: Add box 5 and box 6 if the car is a 2011 or newer or a 2019 or newer, because the odometer and damage disclosures live in the same block on the title and somebody has to be authorised to make them.
2	YOU	Your name, in three boxes	First, middle and last name of the owner granting the power. Watch out: Match the front of the title exactly. The power is only good for the person the certificate says owns the car.
3	YOU	Address, county and state	Your address in full, then the county and state you are a resident of. Watch out: Residency is asked because the notarial block underneath is a state-specific act. If you are signing outside Iowa, a notary in that state can still take it.
4	YOU	Appoint your agent	One line for the name of the person you are appointing. Watch out: Use their full legal name as it appears on their identification. They will be signing the back of a title as your attorney in fact.
5	YOU	The vehicle	Iowa title number where there is one, then make, style, year, VIN, model and colour. Watch out: Colour is asked for on this form and on almost nothing else in the Iowa set. Take it from the front of the certificate rather than from the paintwork.
6	YOU	Signed at, and the date	Where you signed it, the day, the month and the year, then your signature as owner. Watch out: Sign in front of the notary. The block below is a notarial certificate, not a witness line.
7	OTHER	The notary completes the foot of the page	State, county, the date it was signed or attested before them, the names of the individuals, and the notary's signature. Watch out: Then hand the original over with the paperwork. The form says the power must be surrendered with the application, so keep a copy for yourself before it goes.

What gets this one rejected

- A power that names no vehicle. The form is built around one car - make, style, year, VIN, model and colour - and the department's alternative for a general power is Form 411020.
- A power that is not notarised. The block at the foot is a notarial certificate, and 761 IAC 400.13(6) is what lets an attorney in fact act at all.
- Keeping the original. Printed on the form: power of attorney must be surrendered with application.
- Using it after the owner has died. It appoints an attorney for a living owner. A deceased owner's vehicle goes through Form 411083 or Form 411088.
- Ticking nothing. The eight boxes are the scope of the authority; an unmarked form authorises nothing in particular.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
