Iowa · written against 411123 (12-11), issued under Iowa Code s. 321.52(2), junking certificates and the end of a vehicle's title

[/forms/iowa/411123-application-for-junking-certificate/](https://forms.iowa.gov/411123-application-for-junking-certificate/)

The form that ends a car. Surrender the title and the registration receipt to a county treasurer, get a junking certificate back, and the vehicle can be possessed, transported and passed on by endorsement - but it can never be titled again, with one narrow exception for a car twenty-five years old or older. Every owner has to sign, whatever connector is on the front of the certificate, and there are exactly fourteen days to change your mind.

This sheet is not the form. Download the blank 411123 from the Iowa Department of Transportation, Motor Vehicle Division at <https://iowadot.forms.govos.com/f/JunkingCertification?f=411123.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Read the PLEASE READ paragraph first	It sets out what a junking certificate authorises, the fourteen-day reinstatement window, the no-further-titling rule and the twenty-five-year exception. Watch out: It is the only part of the form that is not a box, and it is the part that decides whether you should be filling the form in at all.
2	YOU	Owner 1, and the identifying numbers	Name, driving licence number and social security number, in the block at the top. Watch out: Iowa asks for a social security number on this form and on the title application. Both are protected by the department's own disclosure statement, and neither is optional.
3	YOU	Owner 2 and Owner 3, if the title names them	The same three entries again, twice more. Watch out: This is the form where the and-or connector does not help you. Every owner on the certificate signs, however the names are joined.
4	YOU	Address and City/State	Two lines for where the applicant lives. Watch out: The certificate comes back to this address if it is not issued over the counter.
5	YOU	Type, Make, Year, VIN	Four boxes. Type means car, truck and so on. Watch out: If the VIN plate is unreadable - and on a car being junked it often is - talk to the county before you turn up. A vehicle that cannot be identified cannot be junked on paper.
6	YOU	Previous Title No. and State of Issue	The certificate being surrendered, and where it came from. Watch out: An out-of-state title can be junked in Iowa, which is why the second box exists.
7	YOU	Sign the acknowledgement	Directly above the signature: I hereby understand that NO FURTHER TITLING of this vehicle is allowed except as outlined above. Watch out: Then keep the certificate number. If you need Form 411403 in the next fourteen days, that number is the first thing it asks for.

What gets this one rejected

- One owner's signature where the title names two. Every owner signs a junking certificate application whatever connector is printed - the same exception that applies to a replacement title.
- Junking a car you have already sold. The junking certificate is applied for by the owner, surrendering the title; once the assignment is signed over, the owner is somebody else.
- Expecting to change your mind later. The reinstatement window is fourteen days from the date the first junking certificate was issued, and only the person who obtained that first certificate can ask.
- Junking a car you meant to keep for parts and re-register. No further titling is allowed, and the only way back is the bonded-title route on a vehicle twenty-five years old or older.
- Filing a refund claim without it. s. 321.126(1)(a) requires a junking certificate before any refund for a junked vehicle is allowed, and s. 321.46(3)(d) says the same about a credit.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
