

Kansas's downloadable power of attorney for vehicles only: I the undersigned vehicle owner appoint a named attorney-in-fact to apply for a certificate of title and/or registrations, and to endorse and transfer title, for one described vehicle - representing in that transfer that the title is free and clear of all liens and encumbrances except any listed. It is the tool for an owner who cannot be at the sale, and it carries, in its last paragraph, the sentence that limits every Kansas power of attorney: nobody may sign for both buyer and seller and disclose mileage in the same transaction unless the vehicle is exempt.

This sheet is not the form. Download the blank TR-41 from the Kansas Department of Revenue, Division of Vehicles at <https://www.ksrevenue.gov/pdf/tr41.pdf?f=ks-tr41.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Name the agent	The attorney-in-fact who will sign the assignment, the application, or both, in your place. Watch out: Not the buyer, on any vehicle young enough to need a mileage disclosure - the form's own last paragraph is the rule, and the county enforces it at the counter.
2	YOU	Describe the vehicle	Year, make, style and the full VIN. Watch out: This power is per-vehicle. A second car needs a second sheet, and a VIN with a transposed character appoints your agent over a vehicle that does not exist.
3	YOU	List the liens, or write None	First and second lienholder lines - the exceptions to the free-and-clear representation your agent will make. Watch out: If there is a live lien, stop and reconsider the tool: the title is electronic, no paper exists to endorse, and the TR-40 or a lien release is the actual path.
4	YOU	Print, sign, date - in ink	Hand printed owner name, signature, date, under the sworn-statement sentence. Watch out: Original ink is the whole game: the Division accepts no fax or photocopy, so the physical sheet must travel to wherever your agent and the buyer will meet. Post it early.
5	YOU	Send the license copy when the job is a replacement	A copy of your driver's license or state ID, whenever this power accompanies a TR-720B replacement application. Watch out: The rule is dated January 1, 2025 in the TR-720B's own instructions - an agent at the counter with a TR-41 and no license copy is making a second trip.

What gets this one rejected

- A faxed or photocopied form. The Division's FAQ is explicit for every vehicle power of attorney: a faxed or photo copy of the form will not be accepted, all signatures must be in the original ink.
- An appointment by a deceased owner. The FAQ again: a power of attorney is not valid if the person making the appointment is deceased - an estate transfer runs on the death-situation affidavits instead.
- Blank lienholder lines. The form's instruction is if none, write None - an empty line is not a representation, and your attorney-in-fact is about to warrant the title clear on your behalf.
- Using it so the buyer can sign your side of a disclosure-age sale. The form's own last paragraph forbids one person signing for both buyer and seller where mileage must be disclosed - that specific manoeuvre requires the Secure Power of Attorney, which only licensed Kansas dealers stock.
- Since 2025, sending it with a replacement-title application and no license copy. The TR-720B's instructions now require a copy of the signing owner's driver's license or state ID alongside a TR-41.

Federal and state law prohibits a person from signing for both buyer and seller and disclosing mileage in the same transaction, with the exception of exempt vehicles, i.e., heavy trucks, vehicles 2010 model year or older are exempt at 10 years, vehicles 2011 model year and newer are exempt at 20 years. In order for a person to sign for both buyer and seller on a conforming title or an odometer disclosure statement, a "Secured Power of Attorney" must be used.
