EXPEDITED TITLE REQUEST

I Roselle M. Boudreaux, understand that my original title was sent back to the State, flagged as a "title in file" and is being held until a better address is provided. I understand that this title can be generated for no additional fee and sent to the provided address. These titles can generally be received in approximately 10 days. I am requesting the "title in file" flag be removed and expedited title be generated. By doing so, I understand I will be paying a \$68.50 tile fee, \$8.00 handling fee and a \$10.00 expedite title fee.

How to fill out DPSMV 1823 — Expedited Title Request

Louisiana · written against DPSMV 1823 (no revision printed), issued under R.S. 32:707.6, expedited title procedure </forms/louisiana/dpsmv-1823-expedited-title-request/>

Three boxes and one paragraph, for one specific mess: the title was issued, posted, and came back to the state because the address was wrong. The record now carries a title in file flag, the certificate is sitting at OMV headquarters, and nothing will move it until somebody signs this. It is a seller's problem more often than it looks - a title generated after a house move, or after a lien was released to an address the lender had on file from three years ago.

This sheet is not the form. Download the blank DPSMV 1823 from the Louisiana Office of Motor Vehicles at <https://public.powerdms.com/LADPSC/documents/522148?f=DPSMV-1823.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	I _____	The single blank in the opening sentence. Watch out: The registered owner's name as the record holds it. This is not a covering letter - the sentence around your name is the request itself, and the name in it is what the department checks against the flagged record.
2	YOU	Owner's Printed Name	The box under the signature rule at the foot. Watch out: Print it even though you have already written it into the paragraph above. The signature rule carries no fillable box on the PDF, so this printed line is the only legible statement of who signed.
3	YOU	Date	The last box on the sheet. Watch out: Date it the day you sign it, in front of whoever is processing it. There is no notary on this form and nobody has to witness it - which makes it one of the very few Louisiana title documents you can complete on your own.

What gets this one rejected

- Signed by anyone other than the registered owner without a power of attorney in the file, and a copy of the signer's driver's licence or identification card with it.
- No better address anywhere in the file. The whole point of the request is to give the department somewhere to send the certificate.
- Sent to an OMV field office expecting a next-day title. Expedited title is a service of participating Public Tag Agents, and it is only at the office where it was processed that the certificate can be collected.
- Used for a title that was simply never received rather than returned. A title applied for but not received after thirty days and before sixty may qualify for a free replacement instead, which is a different route and cheaper.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
