How to fill out TTL111 — History Search or Photocopy Request

Massachusetts · written against TTL111 (TTL111-0823, August 2023), issued under 18 U.S.C. 2721, the Driver's Privacy Protection Act

</forms/massachusetts/ttl111-history-search-or-photocopy-request/>

The form for getting the Registry to tell you what it holds. Eight different searches at \$5 apiece, plus a \$10 photocopy of a title application and its supporting documents, and it is the answer to two questions a seller cannot resolve any other way: what title number does my car actually have, and who is the lienholder the Registry still shows on it.

This sheet is not the form. Download the blank TTL111 from the Massachusetts Registry of Motor Vehicles at <https://www.mass.gov/doc/request-a-history-search-or-photocopies/download?f=TTL111.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Pick the search	One of eight boxes. Title history and registration or title inquiry are the two a seller usually wants. Watch out: A title inquiry gives you the current record. Title history gives you the sequence of records, which is what shows an old lien that was never released.
2	YOU	Section A, who you are	Name, licence or identification number, and address. Watch out: This has to be you. The Registry releases records about a vehicle to its owner, not to a prospective buyer or a curious neighbour.
3	YOU	The vehicle	Registration, year, make, vehicle identification number, title number and policy number, as far as you can fill them in. Watch out: The vehicle identification number alone is usually enough. It is the only one of those six that is stamped on the car itself.
4	YOU	Where to post the answer	A separate mailing address block. Watch out: Fill it in even if it is the same address. A blank block is a request the Registry cannot answer.
5	YOU	Sign, and enclose your identification	Signature, date, and a photocopy of your licence or state-issued identification. Watch out: Cheque or money order to MassDOT, and no cash. The form says so twice.

What gets this one rejected

- An unsigned application. The instruction is that the licence or identification holder or the vehicle owner must complete and sign it.
- No photocopy of identification enclosed.
- Cash. The instruction is explicit - do not mail cash - and the cheque or money order is payable to MassDOT.
- A request about somebody else's vehicle. Records about a person are protected, and the Registry's fee schedule notes that a Driver's Privacy Protection Act form may be required.
- Ticking several boxes and enclosing one \$5 cheque. Each inquiry has its own fee.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.

Read off TTL111 (TTL111-0823, August 2023) and the Massachusetts Registry of Motor Vehicles's own pages, current as of 2026-08-23. Plain-language help with a form, not legal advice — where this and the agency differ, the agency governs.
