How to fill out TR-210 — Notice of Assignment of Secured Interest in a Vehicle

Michigan · written against TR-210 (11/07), issued under MCL 257.238, under Public Act 300 of 1949

Not the seller's form, and worth knowing about for exactly that reason. It is what a dealership uses when the finance a buyer was approved for falls through after delivery: the buyer authorises the dealer to assume the loan itself, and a corrected title is issued showing the dealership as the new secured interest. If you are searching for a Michigan lien form and land here, this is not the one.

This sheet is not the form. Download the blank TR-210 from the Michigan Department of State at https://www.michigan.gov/sos/-/media/Project/Websites/sos/01fletcher/Notice_of_Assignment_of_Lien.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	DEALER	Vehicle information	Year, make and VIN in the first box. Watch out: The only vehicle detail this form asks for. Everything else on it is about money.
2	DEALER	Vehicle Owner Shown on RD-108 Title Application	The buyer's name and address, copied from the dealership's own title application. Watch out: Shown on RD-108 is doing the work in that heading. If there is no RD-108, this form has nothing to be consistent with.
3	DEALER	Secured Interest Shown on RD-108 Title Application	The lender the buyer was originally approved by, with a date of original lien. Watch out: This is the lender that has just said no. It stays on the form because the department needs to know which interest is being replaced.
4	DEALER	Secured Interest To Be Assumed By	The dealership taking the loan on itself, with its address. Watch out: A dealership financing its own sale is not the same thing as the dealership owning the car, and the corrected title still goes to the buyer.
5	DEALER	Date Lien Transferred	The date the secured interest moves, in the last box of the dealership block. Watch out: It will be later than the date of original lien, and the gap between the two is how long the buyer spent believing they were financed elsewhere.
6	BUYER	Vehicle Purchaser's Signature	The buyer signs, prints their name and dates it, under the authorisation paragraph. Watch out: Read the paragraph above it before signing. It authorises a dealership to become your lender, and it cites MCL 257.238 while doing so.

What gets this one rejected

- A seller signing it. There is one signature line on the form and it belongs to the vehicle purchaser.
- Sending it on its own. The instructions require a copy of the original RD-108 title application attached to it.
- Filing it without the rejection notice. The lienholder shown on the RD-108 has to submit a Notice of Rejection of Vehicle Financing, form TR-209 - a separate document from a separate party.
- Using it to release a lien. It moves a secured interest from one party to another; it does not remove one.
