Request for Expedited Motor Vehicle Title Services

Reference: Minnesota Statutes, section 168.326

Important Note - Please Read First:

Please use this form to request Expedited Motor Vehicle Title Services only. Do not use this form for any Driver License or Identification Card services.

Expedited services are available only for extra-ordinary circumstances such as the vehicle is leaving the state or the country. Expedited services should not be requested if the request can be better fulfilled at a Minnesota Deputy Registrar office.

Expedited Services are available upon payment of all required taxes and fees plus an additional and separate payment of \$20. A request for expedited services may not be honored if it is apparent that the request cannot or should not be granted. In such cases the motor vehicle title application will be accepted and processed by DVS and the expedited services fee of \$20 will be returned to you.

Once you have completed this form please include it and a fully completed Application to Title or Register a Vehicle (PS-2000) with a check for all required taxes and fees. Include a separate check of \$20 for the expedited services. Applications without correct taxes or fees and a separate expedited services check cannot be accepted and will be returned unprocessed to the sender.

While DVS will accept a request for expedited motor vehicle title services **we strongly encourage you avoid paying the extra \$20 expedited services fee and see a Minnesota Deputy Registrar** and complete your transaction as non-expedited.

Once complete, please send this form, the completed PS-2000, and two separate checks to:

The vehicle has been sold to a buyer who is relocating to Ontario on 9 September 2026 and is exporting it on that date. A duplicate title was applied for by post on 3 August and has not arrived. Both deputy registrar offices within reach have confirmed they cannot print a same-day duplicate on this record because a deficiency is showing against it, so the title has to be issued from St Paul.

The only DVS vehicle form that spends most of its first page asking you not to use it. Expedited title service costs \$20 on top of the ordinary taxes and fees, it is posted to St Paul rather than handed across a counter, and DVS reserves it for extra-ordinary circumstances such as the vehicle is leaving the state or the country. It is worth knowing about anyway, because a seller with a buyer waiting on a title is exactly the person who goes looking for it.

This sheet is not the form. Download the blank Expedited title request from the Minnesota Driver and Vehicle Services at https://assets.dps.mn.gov/files/dvs/MV_RequestExpeditedTitle.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Owner name and address	Owner 1 last, first, middle, a second owner if the title names one, then street address, city, state and zip code. Watch out: This is the owner as the title spells them. The expedited title is posted back to this address, which is the whole point of the exercise.
2	YOU	Vehicle identification number	The seventeen characters, in the box on the vehicle row. Watch out: Copy it off the certificate. A posted request that fails on a mistyped identification number costs a fortnight, which is more than the service was going to save.
3	YOU	Minnesota plate number	The plate on the vehicle now, in the box beside the identification number, where there is one. Watch out: In Minnesota the plate stays with the car, so a vehicle already registered here has one. A vehicle coming in from another state may not, and the box can be left empty.
4	YOU	The detailed explanation	The deep box, and the only part of the form the department weighs. Watch out: Name the circumstance, the date it turns on and why a deputy registrar cannot solve it. The form warns that the explanation has to be detailed enough to decide the request on, and a one-line answer is a declined one.
5	YOU	Write the second cheque	Not a field on the form - an instruction printed above it. One cheque for the taxes and fees, a separate one for the expedited service. Watch out: Combining them gets the whole envelope returned unprocessed. It is the single most avoidable failure in the Minnesota set.

What gets this one rejected

- One cheque instead of two. The form says applications without correct taxes and fees and a separate expedited services check cannot be accepted and will be returned unprocessed to the sender.
- A reason that is really an inconvenience. Extra-ordinary circumstances is the standard the form sets, and it gives its own examples - the vehicle is leaving the state or the country.
- Using it for a driver's licence. The form opens by saying it is for expedited motor vehicle title services only and not for any driver license or identification card services.
- Sending it instead of the application. It travels with a fully completed PS2000, not in place of one.
- Ignoring the advice. DVS says in terms that it strongly encourages you to avoid paying the extra fee and see a deputy registrar instead, and that is not boilerplate - a deputy registrar can often print what you need the same day.
