How to fill out PS2017 — Notification of Assignment, Release or Grant of Secured Interest

sellmycarhub.com

Minnesota · written against PS2017 (5/2026), issued under Minnesota Statutes 168A.17 to 168A.20

</forms/minnesota/ps2017-notification-of-assignment-release-or-grant-of-secured-interest/>

One sheet that does three separate jobs, and a seller only ever needs the middle one. Ticking Release turns it into the document that takes a lender off a Minnesota title - and it is the one form in the ordinary run of a sale that has to be notarised, in a boxed notice on its own face: this form must be notarized to release a lien.

This sheet is not the form. Download the blank PS2017 from the Minnesota Driver and Vehicle Services at <https://assets.dps.mn.gov/files/dvs/dvs-ps2017-secured-interest-change-from.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	LENDER	The vehicle row	Year, make, type, model, vehicle identification number and title number, copied from the certificate this release will travel with. Watch out: Type is the department's own classification, not a body style. If the lender guesses at it the release still works, but a title number that disagrees with the certificate stops the transaction.
2	LENDER	Owner's name and address	The left-hand column of section A: the owner as the title spells them, then street address, city, state, zip code and county. Watch out: County is asked for on both sides of section A and is the box lenders outside Minnesota most often leave blank.
3	LENDER	Secured party's name and address	The right-hand column of section A - the lender releasing its interest. Watch out: It has to be the lender named on the title. A servicer that bought the loan is an assignment first and a release second, which is what the top tick is for.
4	LENDER	Tick Release	The middle of the three boxes: the secured party named in section A no longer claims a security interest in the vehicle described above. Watch out: One tick only. A form with two boxes ticked is a form nobody can act on, and the three transactions carry three different fees.
5	LENDER	Date of release	The date the security agreement was satisfied, on the line beside the Release tick. Watch out: The instructions give the lender 15 days from satisfaction to complete the form, so a date months in the past on a form signed today invites a question.
6	LENDER	Leave section B alone	Assignee's name, street address, city, county, state and zip code - all of it completed only with an assignment. Watch out: Empty is the correct state of section B on a release. Helpfully writing the buyer's details into it turns the form into something else.
7	LENDER	Signature and title of authorized agent	The right-hand rule in section A, signed by the person releasing on the lender's behalf. Watch out: The owner's rule on the left stays empty. It is marked necessary only with grant and a release signed by the owner is not a release.
8	OTHER	The notary block	Subscribed and sworn to before me, the day, the month, the year, the notary's signature, county and commission expiry. Watch out: This is the step lenders skip and deputy registrars refuse. The notice beside it says the form must be notarized to release a lien, and DVS repeats it on its own lien page.

What gets this one rejected

- A release that has not been notarised. The notice is boxed on the front of the form and it is not advisory.
- The owner signing the release. The left-hand rule says necessary only with grant, and a release is signed by the secured party's authorized agent alone.
- A release sent on its own. Instruction 4 under RELEASE is that it must be submitted with the current certificate of title.
- A title number that does not match the certificate. The whole top row is checked against the title, and a number copied off an old lien card is a number from a title that no longer exists.
- Section B completed on a release. That block belongs to an assignment - a lender passing its interest to another lender - and filling it in on a release asks a deputy registrar which of the two you meant.
- A lender taking its time. Instruction 1 under RELEASE is that the secured party must complete this form within 15 days after satisfaction of the security agreement.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
