Notes				
Instructions	If you sell or transfer ownership of a motor vehicle, trailer, or all-terrain vehicle, you must: • Submit this notice within 30 days of the date of the sale; • Complete required sections of this notice; • Sign the notice and obtain the purchaser's signature; • Mail the notice to the address provided at the bottom of this form; and • Keep a copy of this form for your records. Failure to complete the required blocks will result in the information not being processed. Motor vehicle dealers who are required to complete this form must submit it with their Dealer's Monthly Sales Report (Form 385) if they are not reporting sales online. The sale of marinecraft, manufactured homes, or vehicles that have been issued a salvage title or junking certificate or transfers made to licensed vehicle dealers, out-of-state purchasers, insurance companies due to theft or casualty loss, beneficiaries named in a trust, or transfer on death beneficiaries are not required to be reported. The seller remains the last titled owner on record until the purchaser titles the vehicle in his or her name. This form may be used in place of a bill of sale, when applying for title on a newly purchased vehicle to obtain a 180-day sales tax credit. The date of sale on this form and date of purchase or the date of the contract to purchase the new vehicle must be within 180 days. The purchaser must apply for a new title within 30 days of purchase.			
Penalties	Any seller who fails to submit this notice is guilty of an infraction. If the failure to submit this notice was done to assist the purchaser in avoiding applying for title, paying applicable registration fees, or other fraudulent purposes, the seller shall be guilty of a class C misdemeanor. Make prompt notification to help protect yourself from possible liability.

Form 5049 (Revised 12-2018)

How to fill out Form 5049 — Notice of Sale or Transfer

sellmycarhub.com

Missouri · written against Form 5049 (Rev 12-2018), issued under RSMo 301.196 and 301.198

</forms/missouri/5049-notice-of-sale-or-transfer/>

The one form in Missouri that exists purely for the seller's benefit. It tells the Department of Revenue that a named person took the car on a named day, and it is due within thirty days of the sale. The Department notes the pending purchaser against the vehicle record, writes to them if no title application appears, and gives your name out beside theirs rather than alone when somebody asks who owns the car. Missing it is an infraction.

This sheet is not the form. Download the blank Form 5049 from the Missouri Department of Revenue at <https://dor.mo.gov/forms/5049.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	The buyer's name and signature	Last, first and middle initial on the left, the buyer's own signature on the right. Both are starred. Watch out: Get the signature at handover. Chasing a stranger for it a fortnight later, with a thirty-day clock running, is the single most avoidable problem on this form.
2	BUYER	The buyer's address and date of birth	Address, city, state and ZIP, all starred, plus a date of birth in eight printed cells and a driver licence number that is not starred. Watch out: The date of birth is how the Department tells two people with the same name apart. It is one of the ten items RSMo 301.196 lists as the contents of the notice.
3	YOU	Select one	Ten tick boxes for the type of unit. An ordinary car is Passenger. Watch out: Three of the ten - Boat, Outboard Motor and Manufactured Home - are on the list of things the form's own instructions say are not required to be reported. They are printed because the block is shared with other transactions.
4	YOU	Sale date	Month, day and year, in eight cells, starred. Watch out: It has to be the same date you wrote on the title assignment. Two different dates for one handover is the sort of discrepancy that turns a routine filing into a letter.
5	YOU	Net price after trade-in	The price after any trade-in allowance, in dollars. Watch out: The Department asks for it twice over - it is starred here, and its Notice of Sale guidance adds that it is important that the net price be provided on each NOS form, because the notice can be used as proof of price when a buyer titles the car.
6	YOU	The vehicle	Make and vehicle identification number are starred; the title number, the state of title and the four-digit year sit beside them. Watch out: The VIN cells are one character each. Copy it from the face of the title rather than from the dash - the two should agree, and if they do not you have a bigger problem than this form.
7	YOU	Your name and signature	One starred line labelled Name(s) and Signature(s), then your address, city, state and ZIP. Watch out: The certification printed directly above it is under penalties of perjury, and names the offence: knowingly submitting false information about the sale of a vehicle is a Class C Misdemeanor.
8	YOU	Post it, and keep the copy	To the Motor Vehicle Bureau at P.O. Box 3050, Jefferson City - the address printed at the foot of this form rather than the one on Form 108. Watch out: Within thirty days of the sale date. If the sale later falls through, the Department's instruction is to send back a copy of the notice marked Rescinded Sale, signed and dated.

What gets this one rejected

- A starred block left empty. The form says so in its own instructions: failure to complete the required blocks will result in the information not being processed - which means an unprocessed notice, not a late one.
- Only one signature. The instruction is to sign the notice and obtain the purchaser's signature, so the buyer signs before they leave with the car.
- Sending it for a transfer that is outside the requirement. Marinecraft, manufactured homes, anything on a salvage title or junking certificate, and transfers to dealers, out-of-state purchasers, insurers on a theft or casualty loss, trust beneficiaries and transfer-on-death beneficiaries are all listed as not required to be reported.
- Treating it as the buyer's title application. It is not one, and RSMo 301.196.5 says the notification does not constitute an assignment or release of any interest in the vehicle.
- Filing it more than thirty days after the sale date you wrote at the top. The deadline is measured from that box.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
