Missouri · written against Form 5105 (Rev 10-2022), issued under RSMo 301.190 and 306.015

A one-page request to have the title penalty set aside - the charge Missouri adds for every thirty days a title application is late. It matters to a seller in two ways: it is what you tell a buyer who has drifted past the deadline through no fault of their own, and it is the form you need yourself if a paperwork problem you caused - a bad date, a missing lien release, a title that never arrived - is what kept them from filing on time.

This sheet is not the form. Download the blank Form 5105 from the Missouri Department of Revenue at <https://dor.mo.gov/forms/5105.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	Applicant and vehicle	Name, address, and the year, make and vehicle identification number of the unit. Watch out: The name has to be the applicant's - the person whose title application the penalty is attached to. A seller cannot ask for a waiver of somebody else's penalty.
2	BUYER	Which period was missed	The motor vehicle box for the thirty days under RSMo 301.190, or the boat and outboard motor box for the sixty days under 306.015. Watch out: One or the other, not both. For a car it is always the first.
3	BUYER	The reason	One of five printed reasons - military duty, act of God, a previous attempt within the last thirty days, catastrophic illness, or a dealer's delayed-delivery agreement. Watch out: Previously attempted to title within last 30 days is the one people overlook. A rejected application that was made in time is a different thing from an application never made.
4	BUYER	Extenuating circumstances	A free block for anything outside the five, and a tick box for attached documentation. Watch out: Write dates. A request that says the seller was slow with the lien release is weaker than one that says which day it was asked for and which day it arrived.
5	BUYER	Sign it	Signature, printed name and date, under the penalties-of-perjury declaration. Watch out: The declaration covers the attachments as well as the form, which is worth remembering before adding a supporting letter somebody else wrote.
6	BUYER	Attach it to the title application	It goes in with Form 108 rather than separately. Watch out: The instruction is the first line on the form. A waiver request arriving on its own has no application to be waived against.

What gets this one rejected

- Sending it on its own. The line under the title reads: this form must be attached to the application for title.
- Ticking the wrong unit type. The thirty-day period and the sixty-day period are different statutes, and the boxes are not interchangeable.
- An extenuating circumstance with nothing behind it. The form gives you a box to tick for additional documentation and a signature block that says any attached supplement is true - a bare assertion is the version that gets forwarded and refused.
- Filling in the DOR Use Only bands. Three of them, at the foot, and all three belong to the Department.
- Expecting it to be granted at the counter. The applicant is advised that the request and supporting documentation will be forwarded to the motor vehicle administrator for review.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
