How to fill out BMV 3754 — Ownership Assignment and Title Application for Insurance Companies

Ohio · written against BMV 3754 (12/25), issued under Ohio Revised Code 4505.07 and 4505.11

[sellmycarhub.com
/forms/ohio/bmv-3754-insurance-
company-assignment/](https://sellmycarhub.com/forms/ohio/bmv-3754-insurance-company-assignment/)

The insurer's form, and the one an owner signs when a total loss is bought out. Like the dealer version it is three documents stacked on one sheet: a power of attorney appointing the insurance company, the assignment of ownership with its price and mileage, and the company's own application - for a salvage certificate, not an ordinary title. Two paragraphs at the top tell the insurer which sections to complete for which scenario.

This sheet is not the form. Download the blank BMV 3754 from the Ohio Bureau of Motor Vehicles at <https://dam.assets.ohio.gov/image/upload/publicsafety.ohio.gov/bmv3754.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Vehicle information	Year, make, model, body type, VIN, title number and control number, copied from the certificate. Watch out: This block is completed for both of the scenarios the form describes at the top, which is why it sits above everything else.
2	YOU	The power of attorney	The insurance company's name written into the appointment sentence, then your printed name, address, signature and date. Watch out: Check the company name is the underwriter rather than the adjusting firm. The authority is to execute an assignment of your certificate of title, and it should not be held by a contractor.
3	YOU	The first transferor signature	Signed and dated under the power of attorney block. Watch out: If a separate power of attorney has already been signed, this box does not need completing - the note above it says so. Doing both is not belt and braces, it is two authorities.
4	YOU	This vehicle was a	Law Enforcement Vehicle, Flood Vehicle or Taxi. Watch out: Flood is the tick that changes what the car is for the rest of its life, and it is the reason a lot of these forms exist. If water was the cause, it belongs here whether or not anybody asks.
5	YOU	The date and the price	The date the vehicle was transferred and the price it was transferred for - the settlement figure. Watch out: The warning underneath is the same one Ohio prints on every assignment: you are required by law to state the true selling price, and all transfers are audited by the Department of Taxation.
6	YOU	The odometer row	Six boxes for the reading, then one tick from the CHECK ONE column, then the seller-is-a-minor question. Watch out: A wrecked car still has a mileage. Read it off the dash if the dash still reads, and use the not-actual statement if it does not.
7	BUYER	Salvage, salvage replacement or salvage duplicate	The three choices at the head of page two, with lost, stolen and destroyed as sub-options. Watch out: There is no ordinary certificate on this form. What comes out the other end is a salvage certificate, and that is the point of it.
8	BUYER	Purchase price and tax exemption	The price and tax paid, or a reason the transaction is exempt. Watch out: The insurer completes this half. It is worth reading before you sign, because the price on it should be the figure you agreed.
9	BUYER	Condition of vehicle	Good, Fair, Poor or Wrecked, check only one, beside a Print Title question. Watch out: Wrecked on a total loss is the honest answer and the expected one. A vehicle recorded as Good on a salvage application invites a question neither party wants.
10	BUYER	The applicant's signature	The insurer signs under the certification that all information contained in the application is true and correct. Watch out: No notary here: the note at the foot exempts an insurance company from having this application, its supporting power of attorney and other appropriate documents notarised.

What gets this one rejected

- A private buyer named as transferee. The form's own title and its opening paragraph limit it to a transfer from a person to an insurance company.
- Signing the power of attorney box with the company name left blank, and also submitting a separate power of attorney. The note says the box does not need completing where a separate document is provided - doing both creates two authorities over the same title.
- Ticking an ordinary title on the application half. The choices on this form are salvage, salvage replacement and salvage duplicate; a total loss does not come back as a clean title.
- Leaving the condition unticked. Good, Fair, Poor and Wrecked - and the point of the exercise is usually the last of them.
- A gap anywhere above the signature. The note is the standard Ohio one: all blank spaces above must be completed before acknowledgement, and where something is not applicable you insert NA or NONE in the space provided.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
