How to fill out 701-5 — Title Print Request Form

Oklahoma · written against 701-5 (8/2025), issued under 47 O.S. 1105(B)

[sellmycarhub.com](https://forms.oklahoma.gov/701-5-title-print-request-form/)
[/forms/oklahoma/701-5-title-print-request-form/](https://forms.oklahoma.gov/701-5-title-print-request-form/)

The form that exists because Oklahoma stopped printing titles. Since 1 July 2025 the record is electronic by default, and this is how a paper certificate is obtained anyway - but only for one of five printed reasons, one of which is a seller's reason: the vehicle is being sold to an out-of-state resident. It is notarised, it costs the ordinary title fee, and Service Oklahoma is emphatic that it is not the same thing as a duplicate title.

This sheet is not the form. Download the blank 701-5 from the Service Oklahoma, Motor Vehicle Services at <https://oklahoma.gov/content/dam/service-oklahoma/Documents/mv-forms/701-5TitlePrintRequestForm.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Model Year, Make, Title Number and Identification Number	The title information strip across the top. Watch out: The title number here is the electronic record's number. If you cannot find it, it is on the registration receipt and in your account on the state's vehicle service.
2	YOU	Name, Mailing Address, City, State, Zip	Where the printed certificate is posted. Watch out: Read the warning above this block first. If a lien is still active on the record, none of this matters - the certificate goes to the lienholder whatever address you write.
3	YOU	Tick: Vehicle is being sold to an out of state resident	The justification, with the state or tribe the vehicle will be registered with written in the blank beside it. Watch out: This is the seller's box and the only one of the five most private sellers will ever use. If the buyer is in Oklahoma, you do not need this form at all.
4	YOU	The STATEMENT, signed and printed	The certification that a printed title is being requested in lieu of an electronic one, signed on the left and printed on the right. Watch out: You are acknowledging that additional fees or processing times may apply. Build a week and a half into whatever you have promised the buyer.
5	OTHER	The notary block	Sworn before a notary public, with a seal. Watch out: Take the form unsigned. The notary is witnessing the signature, not certifying one that already exists.

What gets this one rejected

- No justification ticked. The five printed reasons are the whole permission; without one there is nothing to grant.
- A justification ticked with its blank empty. Three of the five ask for a state, a tribe, an auction name or a lender name, and the answer is part of the reason.
- Using it for a lost paper title. Service Oklahoma separates the two in writing - the print request is for the exceptions and the duplicate form is only where an existing paper title has been lost.
- Expecting it to arrive at your address when a lien is live. The contact block says plainly that an active lien sends the certificate to the lienholder.
- An unsworn certification. Like almost every Oklahoma title document, it needs the notary block completed.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
