**SERVICE OKLAHOMA/MOTOR VEHICLE SERVICES
TRANSFER ON DEATH (TOD) NOTICE APPLICATION
ORIGINAL/AMENDMENT/REVOCATION/TRANSFER**

TOD is filed via submission of this Notice form to Service Oklahoma. The form may be filed by the transferor at any time, or submitted by the transferee following the death of the transferor, provided the form was properly completed by the transferor prior to their death. A properly filed TOD will be recorded to the Service Oklahoma Records. It will not reflect on any subsequent certificate of title or registration transaction.

Please note the following:

- Only the record owner(s), per the records of Service Oklahoma, may file a TOD notice.
- For a TOD notice to be accepted, current ownership of the vehicle/vessel must be in the name of an individual or individuals.
- TOD notices may be filed only on Motor Vehicles or Vessels.
- Incomplete notice applications will not be processed. Please review and ensure all information is provided.
- If the current certificate of title to the vehicle or vessel reflects multiple owners joined by "and," all must sign the TOD filing notice.
- If multiple owners (transferors), all must be deceased before a transfer of ownership to the TOD transferee may be completed.

Unless amended or revoked by the transferor, a filed TOD will remain in effect until the resulting transfer of ownership to the transferee is completed, or until an event precipitating cancellation of the TOD filing occurs. Such canceling events include:

- Transfer of ownership of the vehicle or vessel by the transferor owner
- Transfer of ownership of the vehicle or vessel by court order, sheriff's sale or possessory lien action
- Transfer of ownership of the vehicle or vessel by issuance of a repossession title
- Subsequent filing of a new TOD by the owner (transferor), which will replace any previously filed TOD
- Presence of active lien on the vehicle or vessel record at time of transferee application to transfer title following death of transferor
- Cancellation of the Oklahoma title resulting from notice of subsequent titling of the vehicle or vessel in another state
- Death of Transferee prior to Transferor

Completed Notices may be mailed to the following address:

Service Oklahoma / Motor Vehicle Services / PO Box 26940, Oklahoma City, OK 73126-0940

How to fill out 771 — Transfer on Death (TOD) Notice Application

Oklahoma · written against 771 (Rev 10/2023), issued under 47 O.S. 1107.5

</forms/oklahoma/771-transfer-on-death-notice-application/>

Filed years before it is needed, and it is the difference between an inherited vehicle taking an afternoon and taking a probate. A record owner names who receives the vehicle on their death; on the front the owner files, amends or revokes the notice, and on the back the named transferee applies for the title afterwards or disclaims it. It works only on an unencumbered vehicle, and Service Oklahoma warns that it is recorded to its own files and will not reflect on any subsequent certificate of title or registration transaction.

This sheet is not the form. Download the blank 771 from the Service Oklahoma, Motor Vehicle Services at <https://oklahoma.gov/content/dam/service-oklahoma/Documents/mv-forms/771%20Transfer%20on%20Death%20Notice.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Make, Model, Model Year, License Plate Number, Identification Number	The vehicle block, required on every version of this application. Watch out: One notice per vehicle. A household with two cars files two, and each needs its own notarisation.
2	YOU	Record Owner(s) Name and Address	The current owner, exactly as Service Oklahoma's record has them. Watch out: Per the records of Service Oklahoma is the test. A name you have changed since the title was issued has to be reconciled first, not asserted here.
3	YOU	Transferee(s) Name and Address	Who takes the vehicle on your death. Watch out: They do not sign and they do not have to be told. Telling them anyway is the only way they will know to use it.
4	YOU	Record Owner 1, 2 and 3 Signature	Every owner the certificate names, in the three boxes provided. Watch out: Where the title joins two owners with "and", both signatures are required. That is the same test Oklahoma applies to an assignment.
5	OTHER	The notary block on the front	Sworn before a notary public with a seal, like almost every Oklahoma title document. Watch out: Then mail it. The address on the reverse is Service Oklahoma, Motor Vehicle Services, in Oklahoma City.
6	YOU	Amend or Revoke, if the plan changes	The middle block on the front, naming the date the earlier notice was filed and ticking revoke or amend. Watch out: Amending means naming a new transferee in the block underneath. A later notice filed without ticking anything simply replaces the earlier one, which is a listed cancelling event.
7	OTHER	The reverse: Transferee Title Application	Completed after the death by the person named, with the vehicle block repeated and a copy of the death certificate attached. Watch out: Check the cancelling events list first. An active lien on the vehicle at this point cancels the whole filing, and the estate route starts instead.
8	OTHER	The reverse: Transferee TOD Revocation	The alternative box, disclaiming any ownership interest in the vehicle. Watch out: It exists because an inherited vehicle is sometimes an inherited problem. Disclaiming is cleaner than accepting and then trying to dispose of it.

What gets this one rejected

- A vehicle with a lien on it. The notice may only be filed on a title not subject to any lien or other encumbrance, and an active lien at the time the transferee applies cancels the filing outright.
- Anyone but the record owner filing it. Only the record owners, per the records of Service Oklahoma, may file one.
- A title held in a company name. Current ownership has to be in the name of an individual or individuals.
- One owner signing where the certificate joins two with "and". The form says all must sign the filing notice.
- An incomplete application. Incomplete notice applications will not be processed, in the form's own words.
- A transferee applying without the death certificate. The affidavit on the reverse states that a copy has been secured and attached.
