ODOMETER - FOLLOW INSTRUCTIONS ON THE BACK OF THIS FORM. Federal and State laws require that you state the mileage when you transfer ownership of a 2011 or newer model year vehicle, until that vehicle is 20 years old or older. Use this certification when required to provide the odometer disclosure but unable to provide the proper disclosure from the seller. I certify the odometer disclosure listed is true and correct and a disclosure is not available on the required form from the seller. SALVAGE TITLE APPLICATION INSTRUCTIONS

To apply for a salvage title, you must submit:

1. The original title or primary ownership document.

- If the original Oregon title is lost, destroyed or mutilated, you may choose to check the box on line 15 of this form instead of including an application for replacement title.

2. Releases of interest from all prior owners, lessors or security interest holders.

- If you are an insurer who (A) declared the vehicle a total loss, (B) took possession of the vehicle, or (C) took possession of title to the vehicle, your signature on this form certifies that all prior interests have been satisfied **only if**:
 - You submit the original Oregon title or salvage title; **and**
 - You provide all odometer disclosure requirements.

3. This completed application.

- The "reference number" box may be completed with your claim or policy number and date of loss you want shown on the salvage title.

4. An odometer disclosure, if the vehicle is subject to odometer disclosure requirements.

- The Code of Federal Regulations (CFR) Title 49 Part 580 requires an odometer disclosure if the vehicle is subject. Failure to complete the disclosure or providing false information may result in fines and/or imprisonment.
- The following vehicles are exempt from odometer disclosure: vehicles that are not self-propelled, model year 2010 vehicles or older, model year 2011 and newer vehicles that are at least 20 years old at time of application, vehicles not equipped with an odometer at the time of manufacture, snowmobiles, ATVs and vehicles with a manufacturer's gross vehicle weight rating in excess of 16,000 pounds.
- Unrecovered stolen vehicles are also exempt from odometer disclosure. Salvage title applications for such vehicles must include an Exemption from Odometer Disclosure Requirements (Form 735-6745).
- If providing the odometer disclosure is impossible, explain the reason why on Line 4 of this form – for example, "odometer removed" or "vehicle burnt." The resulting salvage title will show "Not Readable" in the odometer section.
- An odometer message of "Not Actual" remains on record and will devalue the vehicle.

5. The \$27 fee.

Submit the documents and fees to a DMV office, or mail them to:

**DMV - SALVAGE TITLES
1905 LANA AVE NE
SALEM OR 97314**

Once a salvage title has been issued, the registration and registration plates for the vehicle are no longer valid. A trip permit may be purchased for salvage-titled vehicles.

How to fill out 735-229 — Application for Salvage Title

sellmycarhub.com

Oregon · written against 735-229 (1-26), issued under ORS 819.010, 819.012, 819.014 and 819.016 </forms/oregon/735-229-application-for-salvage-title/>

Sixteen numbered lines and a page of instructions, for a vehicle that Oregon will not let stay on an ordinary title. Three things trigger it: an insurer declared it a total loss, or the estimated repair cost reached at least 80% of the retail market value before the damage and no insurer was involved, or it has been wrecked, disassembled or dismantled and somebody intends to rebuild it, sell it to anyone other than a licensed dismantler, or use the frame to build something else. The fee is \$27. Once the salvage title issues, the registration and the plates are dead.

This sheet is not the form. Download the blank 735-229 from the Oregon Department of Transportation, Driver and Motor Vehicle Services Division at <https://www.oregon.gov/odot/Forms/DMV/229fill.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Reason for salvage title	Two ticks at the head of the form: totalled and meets one of the definitions, or wrecked, dismantled or disassembled. Watch out: The definitions sit directly above the boxes. Totalled covers an insurer's declaration and the 80%-of-retail-value case; wrecked covers the intention to rebuild, to sell to anyone but a licensed dismantler, or to reuse the frame.
2	YOU	Line 1 — VIN and Oregon Title #	The vehicle identification number and the number of the title being surrendered. Watch out: The original title has to go in the envelope with this. If it is lost, line 15's Replacement Oregon Title box does the job instead of a separate application.
3	YOU	Line 3 — reference number	A box that may be completed with a claim or policy number and date of loss to be shown on the salvage title. Watch out: Optional, and worth filling in. A salvage title carrying the claim number it came from is a document a future buyer can trace.
4	YOU	Line 4 — odometer reading and date of reading	Whole miles, no tenths, with the two exception statements beside them. Watch out: Where the reading cannot be given, the instructions ask you to explain why here — odometer removed, vehicle burnt — and the salvage title then shows Not Readable in the odometer section.
5	YOU	Lines 5 to 7 — owner name, customer number and addresses	Full legal name last, first, middle, with a customer number, date of birth, residence and mailing address, each with a county. Watch out: Complete line 5 with the owner whose address will be used for all DMV mail about this vehicle — the same instruction as on the ordinary title application.
6	YOU	Line 12 — survivorship	A yes-or-no pair for joint owners. Watch out: It is asked on a salvage title exactly as on a regular one, and it is exactly as easy to skip. The answer ends up printed on the certificate.
7	OTHER	Line 14 — insurance companies	A certification that if the applicant represents an insurance company, all prior interests have been satisfied. Watch out: Only an insurer signs this, and the instructions attach conditions: it holds only if they submit the original Oregon title or salvage title and provide all odometer disclosure requirements.
8	YOU	Line 15 — Replacement Oregon Title	A box certifying that to the best of your knowledge the Oregon title is lost, destroyed or mutilated. Watch out: This is the shortcut. Rather than filing a separate replacement application, an owner whose title has gone missing ticks this on the salvage application itself.
9	YOU	Line 16 — signature of owner as shown above	One signature, dated, with a telephone number. Watch out: The certification above it is the standard one: knowingly making a false statement on an application for title is a Class A misdemeanour under ORS 803.070 and 803.385, with up to a year in jail and a fine of up to \$6,250.

What gets this one rejected

- Filed without releases from every prior owner and security interest holder, unless the applicant is an insurer meeting the conditions on page two.
- An insurer signing line 14 without submitting the original Oregon title or salvage title and meeting all the odometer disclosure requirements — the instructions make the certification conditional on both.
- No odometer disclosure on an unrecovered stolen vehicle. Those are exempt, but the exemption has to be evidenced with form 735-6745.
- A vehicle described in terms Oregon reads as junk. If another state has branded it non-repairable, junk, scrap, crushed, destroyed, dismantled, hulk, parts only or wreck, DMV cannot issue any title for it at all.
- Line 4 left empty where the disclosure is impossible. The instructions say to explain the reason on line 4 — for example, odometer removed or vehicle burnt — and the resulting title shows Not Readable.
- Sent to the ordinary title address. Salvage applications go to DMV - Salvage Titles, 1905 Lana Ave NE, Salem OR 97314.
