45 LESSOR ADDRESS - INCLUDE STREET / CITY / STATE / ZIP CODE		46 TELEPHONE # ()

The owner must certify by completing all applicable statements and sign the application to apply for title and registration in Oregon. Under Oregon law, it is a crime to knowingly make any false statement on an application for title or registration (ORS 803.070 / ORS 803.385). Both offenses are Class A misdemeanors and are punishable by a jail sentence of up to one year, a fine of up to \$6,250 or both.

I am requesting a replacement title and certify to the best of my knowledge the title for this vehicle has been lost, destroyed or mutilated and has not been signed or transferred to another party. If an RV, I certify it meets the NFPA 1192, NFPA 501C or ANSI A119.2 standard in effect at the time of manufacture. If mutilated, remaining pieces are attached. If the owner cannot certify what happened to the title, the person signing on line 18 certifies to the statements above.

PLEASE NOTE: SIGNATURES ON THIS FORM DO NOT RELEASE INTEREST.

47 SIGNATURE OF OWNER, SECURITY INTEREST HOLDER OR LESSOR X Thaddeus Kolbeck	48 DATE	49 TELEPHONE # (541) 555-0148
50 SIGNATURE OF OWNER, SECURITY INTEREST HOLDER OR LESSOR X	51 DATE	52 TELEPHONE # ()

SIGNATURE OF PERSON CERTIFYING THE TITLE IS LOST, DESTROYED, OR MUTILATED, IF NOT AN OWNER SHOWN ON DMV RECORDS.

53 SIGNATURE X	54 DATE
--------------------------	---------

FORM INSTRUCTIONS

❖ NO CHANGE IN OWNERS

1. Complete this form to match ownership information on the last title issued. At least one owner or security interest holder listed on DMV records must sign line 16 or 17.
2. Find the title fee at OregonDMV.com
3. Submit form and fee to DMV.

If renewing registration, complete an Application for Registration, Form 735-268, and submit it with registration fees.

❖ ANY OWNERSHIP CHANGE

The application process will depend on whether or not an odometer disclosure is required.

An odometer disclosure **IS REQUIRED** when the vehicle:

- Was originally manufactured with an odometer; and
- Is 2011 or newer (except if it is over 20 years old); and
- Has a gross vehicle weight rating of 16,000 or less.

When **all** owners are changing **and** an odometer disclosure is required, you **cannot** replace the current title and transfer the title to a new owner at the same time.

1. Follow steps for “No Change in Owners” section above. The new owner’s address can be used as the one-time-mailing address if the title needs to be mailed to the new owner.

Once the new title is received, to transfer the title to new owner(s):

2. Previous owner and new owner complete the odometer disclosure on the back of the title or a Secure Odometer Disclosure/Reassignment, Form 735-403A, if the previous owners are not available to disclose odometer on the title.
3. New owner, complete an Application for Title and Registration, Form 735-226.
4. Submit forms, releases from all previous owners and security interest holders, title, and fees to DMV.

If an odometer disclosure IS NOT required, you do not need this form. **You must:**

1. Complete an Application for Title and Registration, Form 735-226, and mark the box in the Certification section to let DMV know the title was lost, destroyed, or mutilated.
2. Submit the form with releases from all previous owners and any other requirements.

How to fill out 735-515 — Application for Replacement / Duplicate Title

sellmycarhub.com

[/forms/oregon/735-515-application-for-replacement-duplicate-title/](https://www.oregon.gov/odot/Forms/DMV/515fill.pdf)

Oregon · written against 735-515 (9-23), issued under ORS 803.065 and ORS 803.070

Eighteen numbered lines and a set of instructions on the back that are more useful than the form. It replaces a certificate that has been lost, destroyed or mutilated — and there is a large, badly known exception to needing it at all. Oregon has no separate duplicate-title fee, so the replacement costs exactly what a transfer costs, off the same MPG-banded chart.

This sheet is not the form. Download the blank 735-515 from the Oregon Department of Transportation, Driver and Motor Vehicle Services Division at <https://www.oregon.gov/odot/Forms/DMV/515fill.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Line 1 — VIN and Oregon Title #	The vehicle identification number and, if you have it, the number of the title you have lost. Watch out: The title number is on the registration card as well as on the certificate, which is useful when the certificate is the thing that has gone missing.
2	YOU	Line 2 — plate, year, make, style	The vehicle as DMV holds it. Watch out: Copy from the registration card. Guessing at a style that does not match the record is a query letter, and a query letter is another week.
3	YOU	Line 3 — owner or lessee, name, customer number, date of birth	The printed instruction is to list ownership information currently on DMV records. Watch out: Not the ownership you are about to create. If you have married, moved or added a partner since the title was issued, this form still shows what DMV shows — the change comes later, on a different application.
4	YOU	Lines 4 to 7 — addresses and counties	Residence, mailing if different, and a county for each. Watch out: This is where the replacement title will be posted, unless there is a security interest holder — in which case it goes to them and you get nothing in the post at all.
5	YOU	Lines 11 to 14 — security interest holder and lessor	Any lender or lessor currently recorded. Watch out: If a lender holds the original, the replacement goes to them too. That is worth a phone call before you spend the fee.
6	YOU	Line 15 — Title Only, Reg. Only or Both	Three small boxes. Watch out: Title Only on a replacement before a sale. Picking Both starts a registration transaction you did not want and adds fees to it.
7	YOU	The certification	That the title has been lost, destroyed or mutilated, and has not been signed or transferred to another party. Watch out: That last clause is the one to read twice. A title you have already signed over and then mislaid is not a lost title — it is somebody else's problem now, and certifying otherwise is a Class A misdemeanour.
8	YOU	Lines 16 and 17 — signature of owner, security interest holder or lessor	At least one owner or security interest holder listed on DMV records has to sign one of these two lines. Watch out: Above them, in capitals: SIGNATURES ON THIS FORM DO NOT RELEASE INTEREST. Signing here is not signing the car over to anybody.
9	OTHER	Line 18 — signature of a person who is not an owner on DMV records	For somebody certifying what happened to the title when the owner cannot. Watch out: The instructions add that if the owner cannot certify what happened to the title, the person signing on line 18 certifies to the statements above. It is the estate and power-of-attorney case.

What gets this one rejected

- Using it as the ownership document on a vehicle that needs an odometer disclosure. Chapter H states it directly: an Application for Replacement Title cannot be used as the presented ownership document for a vehicle subject to federal odometer laws.
- Ownership entered as the applicant would like it to read. The instructions say to complete this form to match ownership information on the last title issued.
- A form signed by somebody who is neither an owner nor a security interest holder on DMV records, without line 18 completed.
- A mutilated title with nothing attached. The certification says that if mutilated, the remaining pieces are attached, and it means the pieces.
- Treating the signature as a release. The capitalised note above the signature block exists because people do exactly that.
- Filing it at all on a 2010-or-older vehicle whose buyer only needs a title. The 735-226 has a Replacement Oregon Title box in its certifications section that does the same job inside the transfer.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
