How to fill out MV-6 — Application for Nonrepairable or Salvage Certificate

Pennsylvania · written against MV-6 (4-25), issued under 75 Pa.C.S. 1161

sellmycarhub.com
[/forms/pennsylvania/mv-6-nonrepairable-or-salvage-certificate/](https://forms/pennsylvania/mv-6-nonrepairable-or-salvage-certificate/)

Turns a certificate of title into a different kind of document. Three blocks at the top choose between an original certificate of salvage, a duplicate of one, and an original nonrepairable certificate - and the last of those is a one-way door: a nonrepairable vehicle may only be used as a source for parts or scrap and can never be issued a certificate of title or a salvage certificate again.

This sheet is not the form. Download the blank MV-6 from the Pennsylvania Department of Transportation at <https://www.pa.gov/content/dam/copapwp-pagov/en/penndot/documents/public/dvspubsforms/bmv/bmv-forms/mv-6.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	The three blocks	Original certificate of salvage, duplicate certificate of salvage, or original nonrepairable certificate. Watch out: Each one names the sections to complete beside it. Nonrepairable is irreversible - it ends the vehicle's life as a vehicle.
2	YOU	Flood or theft	Two more ticks under the first row: a total loss due to flood brands the certificate with a W, a total loss due to theft brands it with an N. Watch out: Tick the theft box and Section E becomes compulsory unless a police incident report is attached. There is no third option.
3	YOU	Section A, the applicant	Name, co-owner, PA driver's licence or photo ID number, dates of birth and address. An insurance company adds its NAIC number. Watch out: It has to be the person on the face of the title, or the last assignee on the reverse. Nobody else can apply, however clearly they own the wreck.
4	YOU	Section B, the vehicle and the mileage	Title number, VIN, year, make, the owner's name as printed on the attached title, then the odometer reading in a row of boxes with two warning ticks. Watch out: The note beside it says to complete the disclosure only where the ownership document does not carry one. Where the title has an odometer block, that is the record.
5	VERIFIER	Section C, VIN verification	The tracing taped in place where an out-of-state title is attached, plus purchase price, weights, the sales tax paid or exemption code, and the verifier's signature and identification number. Watch out: Trucks, truck tractors, trailers and motor homes need the weight information verified as well as the number.
6	YOU	Section E, the police report	Force, incident number, date, station name, address and telephone, the nature of the incident, the investigator's name and badge number, and a recovery date if the car turned up. Watch out: Only needed on a theft brand with no report attached. If the vehicle was recovered before this form went in, the recovery date has to be listed.
7	YOU	Section F, signatures	Applicant or authorised person, a co-applicant, telephone number and date. Watch out: Read the line above the signatures before you sign: a misstatement of fact here is a misdemeanor of the third degree, punishable by a fine of up to \$2,500 and a year inside. Salvage paperwork is where PennDOT looks hardest.

What gets this one rejected

- An application from somebody who is not on the title. The applicant must be either the owner whose name appears on the face of the attached certificate of title, or, if the title is assigned, the last assignee named on the reverse.
- An assignment to an individual that has not been notarised. The form's own note says so, and it is the ordinary Pennsylvania rule appearing again.
- Applying without the certificate. The certificate of title currently in the name of, or assigned to, the applicant must accompany the application.
- A theft brand with neither a police report nor Section E. One of the two has to be there.
- An out-of-state title with no VIN tracing and no verification. Where a tracing cannot be obtained, a certified inspection mechanic or an authorised notary public employed by a full agent or motor vehicle dealer has to verify the number.
