Texas · written against VTR-203 (Rev 05/20), issued under Texas Transportation Code 501.0918 and 683.077

Another one that turns up in searches and belongs to somebody else. It is restricted to dealers, used automotive parts recyclers and metal recyclers, for a junk vehicle whose title has already been surrendered to the TxDMV.

This sheet is not the form. Download the blank VTR-203 from the Texas Department of Motor Vehicles at https://www.txdmv.gov/sites/default/files/form_files/Form_VTR-203.pdf — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	DEALER	Junk vehicle information	VIN, year, make, body style and model of the vehicle whose ownership evidence has already been surrendered. Watch out: Already surrendered is the precondition, not a step here. The title went to the TxDMV on a Form VTR-340 before this form was ever printed.
2	DEALER	Dealer or used automotive parts recycler	The entity name as listed on the licence, the licence number, and the address. Watch out: As listed on license, in the form's own words. A trading name that differs from the licensed name is a mismatch a Regional Service Center will pick up.
3	DEALER	Metal recycler information	The second licensed business - the one that will destroy the vehicle - with its own name, licence number and address. Watch out: Two licences on one page. That is the structural reason a private seller never signs this: there is no line on it for an unlicensed party.
4	DEALER	Delivery information	The licence plate state and number of the vehicle delivering the junk vehicle, and the date of delivery. Watch out: The plate wanted here is the tow truck's or the transporter's, not the junk vehicle's. The junk vehicle no longer has a live registration to name.
5	DEALER	The recycler's certification	The authorised agent certifies the ownership evidence was surrendered in accordance with Transportation Code, Chapter 501 and Occupations Code, Chapter 2302, and that the vehicle is being transferred to the metal recycler named above. Watch out: Signature, printed name and date, under the third-degree-felony line. If a yard hands you this to sign, the certification is describing acts only a licensed business can have performed.
6	DEALER	The metal recycler certification	A second, later signature certifying the junk vehicle was permanently destroyed, with the date of destruction. Watch out: It is completed after the destruction, and the form is then surrendered to a TxDMV Regional Service Center before the 61st day following it, on a Form VTR-340-M.

What gets this one rejected

- A private individual using it to sell a scrap car. There is no licence number to write, and that is the field that gives it away.
- Using it before the title has been surrendered on a VTR-340.
- A metal recycler filing it late. The window is the 61st day after permanent destruction.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
