How to fill out MV1 — Wisconsin Title & License Plate Application

sellmycarhub.com

</forms/wisconsin/mv1-title-license-plate-application/>

Wisconsin · written against MV1 (10/2025), issued under Chapter 340, s. 341.08 and s. 342.06, Wis. Stats.

The application that turns your signed-over certificate into a title in the buyer's name. It is theirs to complete and theirs to pay for, and it is on this page because two of its boxes are filled from your handwriting on the back of the title - the purchase price and the odometer reading - and because a seller who has seen Section E knows exactly what the buyer is about to be charged.

This sheet is not the form. Download the blank MV1 from the Wisconsin Department of Transportation, Division of Motor Vehicles at <https://wisconsindot.gov/Documents/formdocs/mv1.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	The brand ticks above Section A	Eleven boxes for salvage, flood, hail, police, taxi and the rest. On a clean car none of them is ticked. Watch out: They have to agree with the brand disclosure you made on the title. A tick here that you did not disclose, or a disclosure with no tick, is the pair of documents that starts an investigation.
2	BUYER	Owner Legal Name	Last name, first name, middle initial, one character to a box across a thirty-one cell comb. Watch out: This is the name that gets printed on the new title. A nickname here is a correction request later, on the MV1020.
3	BUYER	Driver licence number or social security number	One or the other, or a FEIN for a company. The form marks all three Required because at least one has to be there. Watch out: Nothing on this line is yours to supply. If a buyer asks you for your social security number for the MV1, they have misread the form.
4	BUYER	Vehicle Identification Number	Seventeen characters, copied from the certificate you signed. Watch out: Copy it from the title rather than from the dash or the door sticker. If the two disagree, that is a problem to settle before money changes hands.
5	BUYER	Vehicle is kept in County	Where the car will live, not where it was bought. It decides the local sales tax, any wheel tax, and whether an emission test is due. Watch out: Seven counties have emission testing - Kenosha, Milwaukee, Ozaukee, Racine, Sheboygan, Washington and Waukesha - and the test is due within forty-five days of registering.
6	BUYER	Title Fee - \$214.50	A fixed figure, printed on the form rather than worked out - it is a title fee and a supplemental title fee added together under s. 342.14(3) and s. 342.14(3m). Watch out: It went up on 1 October 2025. WisDOT's own fee page still leads with the superseded figure and puts the current one in brackets after it, which is how a seller ends up quoting the buyer fifty dollars light.
7	BUYER	Purchase Price	Copied from what you wrote on the back of the title, with the trade-in allowance and the amount subject to tax below it. Watch out: The line beneath it prints the warning in the department's own words: it is a crime to understate the purchase price.
8	BUYER	State Sales Tax and Local Sales Tax	5% of the taxable amount, plus the county and municipal rate for wherever the car is kept. Watch out: You collect none of it. On a private sale the Department of Revenue's own fact sheet puts the tax on the buyer at the point of titling.
9	BUYER	Licence Plate Fee	One of three ticks - \$85 passenger, \$100 light truck at 4,500 or 6,000 pounds, \$116.60 at 8,000 pounds - plus \$12 to issue the plates. Watch out: There is no charge at all to transfer plates the buyer already owns, which is why this line is sometimes blank on a legitimate application.
10	BUYER	ENTER FEE TOTAL	Everything above it, added up, and a cheque payable to Registration Fee Trust. Watch out: The original title, the application and the cheque go together to P.O. Box 7949, Madison WI 53707-7949. A counter costs \$5 more.

What gets this one rejected

- A photocopy of the title instead of the original. WisDOT asks for the original vehicle title, not a copy, in bold on the form and again on the eMV Public page.
- A purchase price that does not match the one written on the certificate. The Department of Revenue reads both.
- No lien release where a lien holder is printed on the front of the title. The buyer needs the release and the certificate together.
- A blank odometer line on a model year 2011 or newer. The reading belongs on the title, and the application is checked against it.
- An owner under eighteen with Section H left empty. The consent has to be signed by a parent, guardian or legal custodian and notarised, or witnessed by a DMV employee.
- Paying the old title fee. It rose on 1 October 2025, and WisDOT's own fee page still leads with the superseded figure before giving the current one in brackets after it.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
