How to fill out MV2119 — Replacement Title Application

Wisconsin · written against MV2119 (2/2025), issued under s. 342.13, Wis. Stats.

sellmycarhub.com
[/forms/wisconsin/mv2119-replacement-title-application/](https://forms.wisconsin.gov/mv2119-replacement-title-application/)

Twenty dollars and two pages to replace a Wisconsin title that is lost, stolen or mutilated - and the form that tells most Wisconsin sellers with a loan that they are not allowed to use it. Since 30 July 2012 a title with a lien on it is posted to the lender, and the owner is not eligible to apply for a replacement until the loan is cleared.

This sheet is not the form. Download the blank MV2119 from the Wisconsin Department of Transportation, Division of Motor Vehicles at <https://wisconsindot.gov/Documents/formdocs/mv2119.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	YOU	Owner Legal Name	Across the comb at the top of Section A, exactly as WisDOT holds it. Watch out: The replacement prints the names in the department's record whatever you write here. If the record is wrong, the fix is the MV1020, not this form.
2	YOU	Opt Out regarding open records laws	One tick that keeps your name and address out of bulk record requests of ten or more. Watch out: Businesses are not eligible for the opt-out. It is worth ticking on a car you are about to advertise.
3	YOU	Driver licence number, or social security number, or FEIN	One of the three, combed across the page. All three are marked Required because at least one has to be present. Watch out: The comb is fourteen cells wide because that is the length of a Wisconsin licence number, and the form leaves no room for anything longer. A FEIN goes in its own block further right.
4	YOU	The OR / AND tick beside the co-owner	Which word joins the two names on the record. Watch out: It is not a preference. It decides whether one signature or two will be needed on the replacement when you come to sign it over.
5	YOU	Vehicle Identification Number and Plate Number	Seventeen cells and eight cells. The instructions call both necessary to process the application. Watch out: If the title is genuinely lost, both numbers are on the registration certificate, and the plate number is on the car.
6	YOU	Vehicle is kept in County	County, and then city, village or town, with a tick to say which. Watch out: This has to match the record rather than where you are living this month. A mismatch here is a query letter, not a rejection.
7	YOU	Section D, the fee	\$20 pre-printed, plus \$10 per loan being added, plus \$5 if you walk it in. Watch out: It is waived for a surviving family member applying on a decedent's vehicle - but the application still has to be filed, as the MV2300's own instructions say.
8	YOU	Section E, Vehicle OWNER Certification	Your signature, certifying the title is lost, stolen or mutilated and is not currently held by the lien holder. Watch out: That last clause is the one people sign past. If a lender does hold it, this certification is not true and the application is not yours to make.
9	YOU	Permission to Mail Title Certification	A name and address inside Section E for sending the replacement somewhere other than your own address. Watch out: Useful if you are selling from out of state. Leave it blank and the title goes to the address WisDOT holds, which may not be where you are.
10	LENDER	Section F, Vehicle LIEN HOLDER Certification	The lender's half of the form, for a lien filed on or after 30 July 2012. Watch out: Not yours to fill in, and not theirs either if the title was issued to them electronically - in that case the form is no use to anybody and they go to their service provider.

What gets this one rejected

- An owner applying where a lender holds the title. The instructions are explicit: vehicle owners are not eligible to apply for a replacement title until that time.
- A lien holder with an electronic title using this form. They cannot - the form says they must contact their service provider instead.
- Using it to transfer ownership. The application prints its own redirect: if this is a Transfer of Ownership, please use form MV1.
- An unsigned application, or a cheque that is not enclosed. The form ends with a STOP box asking about both.
- A name that does not match the record. The replacement is printed with the names WisDOT currently holds, whatever is typed on the sheet.

☐ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
