The only notarised signature in WisDOT's whole vehicle set, and it is not the seller's. A person under eighteen cannot register a vehicle in Wisconsin unless a parent, guardian or legal custodian consents in writing - and that consent has to be witnessed, either by a notary or by a DMV employee. If your buyer is seventeen, this is the form that decides whether the sale completes.

This sheet is not the form. Download the blank MV2924 from the Wisconsin Department of Transportation, Division of Motor Vehicles at <https://wisconsindot.gov/Documents/formdocs/mv2924.pdf> — always take the current revision from the agency rather than a copy. Print this and keep it beside you while you complete theirs.

Every line, in the order you meet it

1	BUYER	Owner Name	The person under eighteen who is going to own the vehicle. Watch out: This is the young owner, not the adult signing below. Getting these two the wrong way round is the single most common error on this sheet.
2	BUYER	Vehicle Identification Number	Seventeen characters, in one plain box. Watch out: Copy it from the certificate you are handing over. This form travels with the MV1 and both have to agree.
3	BUYER	Vehicle Year and Make	Two boxes below the identification number. Watch out: Make only - the model has no box on this form and does not need one.
4	OTHER	Printed Name and Signature of the custodian	The parent, guardian or legal custodian, certifying legal custody and consenting to the purchase and to registration in the applicant's name. Watch out: Do not sign it at home if you intend to use the DMV employee route - the whole point of that route is that the signature happens in front of them.
5	AGENT	DMV Employee Signature and Date Witnessed	The counter's own witness line, and the alternative to a notary. Watch out: Free, immediate and available wherever there is a customer service center. Ask at the desk before you go looking for a notary.
6	OTHER	Subscribed and sworn to before me, and the notary block	Day, month and year, then the notary's signature and commission expiry. Watch out: Only used where a DMV employee did not witness the signature. Completing both blocks is not belt and braces - it reads as two different witnessing events.

What gets this one rejected

- A signature with neither witness. The form's own sentence: if signature is not witnessed in front of approved DMV employee, signature must be witnessed by Notary.
- The young owner signing it themselves. The certification is about legal custody, which they do not have over themselves.
- An adult who is not the parent, guardian or legal custodian. The wording is I certify that I have legal custody of the person named.
- A notarial block dated differently from the signature. Subscribed and sworn to means witnessed at the time, not certified afterwards.
- Sending it separately from the application. It goes with the MV1, or Section H of the MV1 is completed instead.

☒ Amber is what you write ☐ Grey is a block somebody else completes The filled-in example is at the start of this sheet.
